Influenza Update: 2015-2016 Flu Vaccination Recommendations

Willie Watts-Troutman, RN, PHN - Presenter

LEARNING OBJECTIVES:

1. Describe the "current" ACIP vaccination recommendations for children 6 months through 8 years of age.
2. Identify high-risk persons who should be immunized with flu vaccine every year.
3. List one important reason pregnant women are recommended to receive the ***flu shot*** annually.
4. State the importance of annual flu vaccination for health care personnel (HCP) working in Los Angeles County.
5. Identify the guidelines for vaccinating persons with a history of egg allergy.
6. Identify the contraindications and precautions associated with flu vaccination.
7. Describe the vaccine recommendations for Pneumococcal conjugate (PCV13) and Pneumococcal polysaccharide (PPSV23).
