

COMMITTEE ON SYSTEMS IMPROVEMENT (CSI) REPORT

Date of Meeting: 3/16/2021

Start Time: 2:15 PM

End Time: 3:15 PM

Called to order by: Rachelle Neshkes

Discussion/Action Steps

Ria from LAPD shared a second draft of their EPO Factsheet with CSI and we gave feedback orally, e.g. there was one section that was redundant, or unclear – 5-7 day timeframe was listed early on without any asterisk about the emergency rules which allow for up to 30 days. Ria will take comments back for consideration.

Pari Lucero from Parents in Partnership requested that we agendaize how victims are deemed at fault in the Dependency Court system. She is the Administrator of Parent Hopeline - LuceroP@ladlinc.org

Discussed ongoing issues with getting rulings on FW-002. Utility of them has often passed by the time that a ruling is rendered on them. Solution is to discuss this with Judge Riff.

LASD - CMB (Civil Management Bureau) has a new captain. Things don't look promising as to accepting fax or email documents but maybe they will budge on the wet signature requirement.

Ruth continues to see issues with the LAPD Station email addresses not being checked or responded to. It is recommended that she go up the chain of command in those cases: call on phone to get to a supervisor, review who you have emailed, outline why you need the report. Ask that the detective be connected with you on the phone.
