CAMPS IN LOS ANGELES COUNTY

Guidance Document for Permits and Registration

This guide is intended to assist operators of camps for children understand and comply with Los Angeles County Health and Safety requirements.

What is a "Camp"?

Camps are classified as follows:

Organized Camp:	Under state law, sites with program and facilities established for the primary purposes of providing an outdoor group living experience with social, spiritual, educational, or recreational objectives, with four (4) or more overnight stays during one or more seasons of the year are defined as an <i>Organized Camp</i> .
Children's	In Los Angeles County, any camp operating in the <u>unincorporated areas of the county</u> is classified
Camp:	as a Children's Camp if:
	1. The site has programs and facilities attended by 5 or more children ages 3-17;
	The primary purpose is providing group experience with social, spiritual, educational, or recreational objectives; and
	3. The site operates for over 3 hours per day for at least 5 days during any 12-month period.
	If the camp offers 2 or 3 overnight stays per season, then it is classified as a <i>Children's Overnight</i>
	Сатр.
	If the camp offers no more than 1 overnight stay per season, then it is classified as a <i>Children's Day Camp</i> .

Do camps need a permit to operate?

Camps operating in Los Angeles County may need a *Public Health Permit* or a *Public Health Registration*, depending on the camp type, location and camp duration.

Public Health Permit:	All <i>Organized Camps</i> operating <u>anywhere in Los Angeles County</u> are required to maintain a valid annual <i>Public Health Permit</i> .
	All <i>Children's Camps</i> in the <u>unincorporated areas</u> of Los Angeles County if they operate <u>more</u> than four (4) weeks in any 12-month period.
Public Health Registration:	Required for all <i>Children's Camps</i> in the <u>unincorporated areas</u> of Los Angeles County if they operate <u>four (4) weeks or less</u> in any 12-month period.

Children's Camps operating within incorporated cities are not required to obtain a Public Health Permit at this time. This may change as cities choose to adopt the **Elena Matyas Children's Camp Safety Ordinance.**

See Attachment A for additional guidance on determining if a permit or registration is required.

Public Health Registration:	\$174 (<i>Children's Camps</i> operating <u>four (4) weeks or less</u> in any 12-month period)

See Attachment A for additional information.

How do I apply for a Public Health Permit or Registration?

All camps applying for a *Public Health Permit* or *Registration* for the first time must submit an application, along with supporting documentation about ownership, staff qualifications, written operating procedures and plans, and the fee for review. Applications and instructions can be found on our website at: www.ph.lacounty.gov/eh/business/children-camp.htm

As part of the application review process, a site evaluation will be conducted to verify that all requirements are met. When the requirements are met, an invoice will be issued for the appropriate fee. The *Public Health Permit* or *Registration* will be mailed once the payment is received.

Each following year, camps renew by submitting a Notice of Intent to Operate (NOI) and updated written operating procedures and plans at least 30 days prior to camp operation. (Note: year-round camps do not need to submit a NOI each year.)

See **Attachment B** for additional information for new/initial applications. See **Attachment C** for additional information for renewals.

Will my camp be inspected?

All camps with a Public Health Permit or Registration will receive a Site Evaluation after submitting their initial application.

Camps with a *Public Health Permit* will be inspected once per season/year.

Camps with a *Public Health Registration* will not receive an annual inspection. However, any complaints regarding public health & safety concerns will be investigated. If violations are found, the camp will be charged for the complaint investigation time.

Are there requirements my camp must follow?

Organized Camps and **Children's Camps** (Permitted & Registered) have similar health and safety requirements that include:

- ✓ Notice of Intent to Operate must be submitted 30 days prior to operation
- ✓ Staffing: minimum qualifications and counselor-to-camper ratios, Health and Aquatics Supervisor positions, CPR and first aid training, staff background checks and screening for criminal history
- ✓ Procedures and Plans: written operating procedures and plans to address medical and other emergencies, transportation needs, and oversight of swimming and other specialized recreational activities
- ✓ *Operational*: safe and sanitary conditions for the camp site, proper maintenance of equipment and facilities, availability of bathrooms, handwashing facilities, and drinking water

More details of these requirements can be found on the Camps website at http://ph.lacounty.gov/eh/business/children-camp.htm

Although *Registered Children's Camps* do not receive an annual inspection, they still must comply with the *Children's Camps* requirements.
