Coalition Updates

- Update on the ICLAC Workgroups
- Exhibit Display Tables

ICLAC PROJECT WORKGROUPS

Adult Immunizations

- Increase demand for vaccinations through community empowerment (e.g., education)
- Conduct provider education activities to encourage adoption of the adult immunization practices standards

Adolescent Immunizations

- Improving adolescent immunization coverage levels through community empowerment and advocacy
- Increasing access to adolescent vaccines at multiple sites (e.g., school-based clinics, pharmacies)

Vaccine Confidence

- Maintain the public's confidence in vaccinations through positive vaccine messaging
- Distribute vaccine messaging resources to ICLAC partners and other immunization providers

Exhibit Display Tables

Benefits

- Share immunization-related resources
- Opportunity to help support ICLAC and its activities
- Tax-deductible
