

LAC DPH Quarterly MDRO Lab Newsletters

Featured Contents, January 2021 to Present

The Los Angeles County (LAC) Department of Public Health (DPH) multi-drug-resistant organism (MDRO) newsletters for laboratories contain data, case studies, resources, guidance, and recommendations to assist in detecting and reporting MDROs. Please see the index below to find the newsletter that contains information on the topic(s) that interest you!

| Topic | Description | Issue # |
|---|---|------------------------|
| Organism-specific | | |
| <i>Acinetobacter baumannii</i> | NDM Outbreak in California | 6, 13 |
| <i>Candida auris</i> | Identification and reporting | 1 |
| <i>Candida auris</i> | Antifungal susceptibility testing | 2, 11 |
| <i>Candida auris</i> | Validating MALDI-TOF | 2 |
| <i>Candida auris</i> | Containment – team approach | 3 |
| <i>Candida auris</i> | Passive surveillance | 4 |
| <i>Candida auris</i> | Update | 7 |
| <i>Candida auris</i> | Numbers in LAC | Summary in every issue |
| <i>Escherichia coli</i> | NDM producer | 14 |
| <i>Pseudomonas aeruginosa</i> | Carbapenem resistance | 8 |
| <i>Pseudomonas aeruginosa</i> | VIM-CRPA in LAC | 11 |
| <i>Pseudomonas aeruginosa</i> | Case Study, carbapenem resistance | 12 |
| General | | |
| Antibiotic Resistance Laboratory Network (AR Lab Network) | ARLN purpose and resources | 3 |
| Carbapenem resistance | Overview of CRO | 9 |
| Carbapenem resistance, reporting and voluntary submission of isolates | Requirements in LAC | 12 |
| Carbapenemase-producing organisms | Update on CP-CRO in LAC | 11 |
| Carbapenemases | Testing methods | 6 |
| MDRO | Definitions | 5 |
| MDRO – targeted dashboard | Incidence of CPO and <i>C. auris</i> in LAC | 14 |
| Multifacility antibiogram | LAC antibiogram and antibiogram dashboard | 10 |
| National Healthcare Safety Network (NHSN) | New reporting requirements | 14 |
| Surveillance vs diagnostic specimens | Overview of surveillance testing | 12 |

CRO, carbapenem-resistant organisms

CP, carbapenemase-producing

CRPA, carbapenem-resistant *P. aeruginosa*

LAC, Los Angeles County; DPH, Department of Public Health
