### MY TURN PUBLIC & CLINIC MANAGEMENT SYSTEM IS HERE!

We are excited to announce the launch of My Turn, our Public and Clinic Management system, to support our “**Vaccinate all 58**” journey in our fight to overcome the Covid-19 pandemic. With My Turn, patients can schedule vaccination appointments via [Myturn.ca.gov](https://myturn.ca.gov) (the Public side) and providers and local health jurisdictions can create and run clinics and administer vaccines to patients via the myCAVax platform (the Clinic side).

The following postcard shows the key My Turn features available today and provides a fast forward look into upcoming features.

Thank You.
