

# DHSP-Funded Biomedical Prevention Services Enrollment September 30, 2017 - February 28, 2018

In August of 2016, DHSP funded nine agencies to enhance biomedical HIV prevention services for uninsured and underinsured Los Angeles County Residents. The following dashboards provide enrollment data for clients newly enrolled in biomedical prevention services during the third year of the contract (September 30, 2016 through September 29, 2018) by agency, quarter, and demographic categories. The data are detailed in tables and summarized figures for both PrEP and PEP. Note: These data only reflect clients receiving biomedical prevention services under each agency's contract with DHSP. For example, the dashboards exclude clients who are not new to PrEP and/or PEP during the contract period. Furthermore, the data are not reflective of all persons taking PrEP or PEP in Los Angeles County.

\*Data as of March 12, 2018

**Number of Clients Newly Enrolled in PrEP Biomedical HIV Prevention Services overall and at Each of the DHSP Funded Clinics by Age, Gender and Race/Ethnicity  
Contract Year 3 (September 30, 2017-September 29, 2018) <sup>1</sup>**
