

CANNABIS FACILITY PERMIT PROCESS

OPENING A CANNABIS FACILITY

A 7-STEP **PROCESS**

For applicants in contracted cities or referred by a city, refer to Commercial Cannabis Facility Construction Guidelines at http://www. publichealth.lacounty.gov/eh/ business/cannabis.htm or contact Public Health at (626) 430-5635.

For a local city that has a contract with the County and after facility passes field final inspection, you will be required to submit application for Public Health Permit and pay associated fees.

Public Health Permit issued.

You are approved to operate

the cannabis facility.

Submit the following:

- Approval letter from the City in which the commercial cannabis activity will be conducted

If plans are not approved, simply

- 1-set of complete plans drawn to scale

to Cannabis Compliance and Enforcement Program (CCEP). Call (626) 430-5635 for an appointment.

Two routine inspections will be conducted during each fiscal vear.

Once the plans are approved, obtain necessary licenses and permits from all applicable agencies prior to construction or remodel. Contact CCEP for field final inspection.
