

## CDC Health Advisory

### Ebola Outbreak Caused by Sudan virus in Uganda

February 6, 2025

---

The Centers for Disease Control and Prevention (CDC) have issued a Health Advisory about the recently confirmed outbreak of Ebola disease in Uganda caused by Sudan virus (species *Sudan ebolavirus*). This advisory summarizes CDC's recommendations regarding case identification, testing, and clinical laboratory biosafety in the United States.

Currently, **no suspected, probable, or confirmed Ebola cases related to this outbreak have been reported in the United States, or outside Uganda.** However, as a precaution--and due to other viral hemorrhagic fever (VHF) outbreaks in East Africa--CDC is raising awareness about this outbreak and sharing best practices. CDC has also issued a [Travel Health Notice Level 2: Practice Enhanced Precautions](#) for people traveling to Uganda.

#### **Clinicians should contact Public Health immediately if Ebola is suspected:**

*Los Angeles County DPH Acute Communicable Disease Control:*

- Weekdays 8:30 am–5:00 pm: call 213-240-7941.
- After-hours: call 213-974-1234 and ask for the physician on call.

*Long Beach Health and Human Services:*

- Weekdays 8:00 am-5:00 pm: call 562-570-4302.
- After hours: call the duty officer at 562-500-5537.

*Pasadena Public Health Department:*

- Weekdays 8:00 am-5:00 pm: call 626-744-6089.
- After hours: call 626-744-6043.
