Webinar Overview

This webinar is designed for all health care providers who may evaluate a patient with measles. This includes primary care, emergency medicine, urgent care, and other front-line health care providers. Experts in measles will provide a “Measles 101” to review the classic and less typical clinical presentations of measles as well as the diagnosis and management of this highly infectious and once rare disease

Speakers

Alvin Nelson El Amin, MD, MPH

Dr. El Amin is the Medical Director of the Immunization Program for the Los Angeles County Department of Public Health. He is an expert on vaccines and vaccine-preventable diseases and has been involved in controlling several measles outbreaks during his career.

James D. Cherry, MD, MSc

Dr. Cherry is a distinguished Research Professor of Pediatrics at the David Geffen School of Medicine at UCLA, and member of the Division of Infectious Diseases at Mattel Children’s Hospital at UCLA. Dr. Cherry wrote the measles chapter in “Feigin and Cherry’s Textbook of Pediatric Infectious Diseases” and has led research groups that did extensive measles studies.

CME Information

The Los Angeles County Department of Public Health designates the live and archived activity for a maximum of [1] *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity. This credit may also be applied to the CMA Certification in Continuing Medical Education.
