

*Health Education Network – March 6, 2007 (1:30- 4:00pm)*  
*1000 N. Alameda Street, Los Angeles, CA 90012 - Cabrillo Room*

## Laying the Foundation: Practical Applications of Health Education Models and Theories

### Purpose of Health Education Network Meetings:

1. To provide a health education forum for county wide health educators to: collaborate on projects/activities, share resources, network, eliminate duplication of efforts, provide updates, and voice needs and concerns.
2. Address training and other health education needs based on health educators' professional and personal areas of interest.
3. Keep the health education staff abreast of internal and external topics, including trends and issues affecting the practice of health education.

### Desired Outcomes of this Health Education Network Meeting:

1. Explain how 3 theories of behavior change are used in STD prevention
2. Identify 2 Sexually Transmitted Disease Program (STDP) Health Education programs/services and their underlying theories.
3. Define and give one example of a CDC level Diffusion of Effective Behavioral Intervention (DEBI).
4. Discuss how the Health Belief Model guides The Needle Stick Prevention Program
5. Identify three ways Health Educators can promote their profession by “laying a foundation.”
