Kimberley I. Shoaf, DrPH is the Principal Investigator of the Pacific Public Health Training Center. She is an Associate Professor In-Residence in the Department of Community Health Sciences at the UCLA School of Public Health. She serves as the Associate Director of the UCLA Center for Public Health and Disasters, where she has overall responsibility for the Center's scientific research and training activities. Kim received her BS degree in Community Health Education from the University of Utah. She received her Master of Public Health degree in Population and Family Health, and her DrPH in Community Health Sciences from UCLA. Her expertise is in the combination of qualitative and quantitative methodologies for studying the social and health impacts of disasters as well as the public health response to emergencies.
