In the Spotlight - ASA RISE Fellow Cinthie Lopez Paz

Cinthie Lopez Paz was selected as one of 32 fellows to join the American Society on Aging’s RISE program, a new 20-week leadership and social justice initiative for leaders of color in aging. ASA RISE aims to improve well-being across a diverse aging population by creating a diverse leadership pool that improves policies and programs at the local, state, and national levels. [Learn more about ASA RISE here.](#)

Cinthie co-leads the Los Angeles County’s Aging & Disabilities Department’s Elderly Nutrition Program and previously led the implementation of L.A. Found, a countywide initiative aimed at helping families of individuals with cognitive impairment and intellectual/developmental disabilities prone to wandering. She has also been a dedicated member of the Healthy Brain LA Coalition since its launch!

Warmest congratulations to Cinthie on this remarkable achievement!

In the Spotlight - Expanding Comprehensive Dementia Care

The John A. Hartford Foundation awarded two grants to support a partnership between the Education Development Center (EDC), the University of California, Los Angeles (UCLA), and the Benjamin Rose Institute on Aging to engage GUIDE participants and non-GUIDE programs in expanding evidence-based comprehensive dementia care. This project titled “[Expanding Evidence-Based Comprehensive Dementia Care](#)” will contribute to the work being done through the National Dementia Care Collaborative (NDCC).

The project aims to help GUIDE participants succeed and thereby provide evidence for establishing GUIDE-model care as a permanent Medicare benefit. It will also create pathways to extend evidence-based dementia care to Medicare Advantage beneficiaries through adoption of established models and further support national dissemination of evidence-based dementia care.

[Visit the National Dementia Care Collaborative to learn more.](#)

In the Spotlight - Brain Health for Longevity Event

Cedars-Sinai, in partnership with Healthy Brain LA and Torrance Memorial, hosted the Brain Health for Longevity: With a Focus on Asian Americans event at Torrance Memorial Medical Center on February 19th. The event drew in more than 200 attendees who participated both virtually and in person. Featured presentations offered an introduction to brain health and its importance, discussed the importance of primary care, and the relationship between lifestyle interventions and mental wellness on brain health.

Attendees from the community learned strategies to maximize brain health and reduce risk for dementia. The event also highlighted educational resources available through Healthy Brain LA and the Take on Alzheimer’s awareness campaign.

In the Spotlight - Dementia Awareness Champion Summit

The Alzheimer’s Association California Southland Chapter, in partnership with HBLA, hosted the Dementia Awareness Champion Summit on June 2nd. At this interactive event, attendees learned about individual and organizational benefits of early detection of dementia, workflows for operationalizing early detection in academic and public sector health systems, available treatment options that slow dementia progression, and how to effectively administer and interpret cognitive screening tools. They also learned where to seek technical assistance for building capacity to support early detection of dementia in healthcare and how to refer people with dementia, their caregivers and families to supportive services.

Congratulations to our local Alzheimer’s Association Chapter for organizing and facilitating this inspiring event! If you are interested in learning more or accessing meeting content contact us at healthybrainla@ph.lacounty.gov.

ADPI: BUILDING DEMENTIA-CAPABLE COMMUNITY HEALTH WORKER PROGRAMS IN THE NATIONAL AGING NETWORK

Application due: **Wednesday, July 30, 2025**

Through the Alzheimers Disease Program Initiative, ACL seeks to enhance workforce capacity in the National Aging Network with the inclusion of dementia-capable Community Health Workers. As a result of this initiative, ACL intends to strengthen relationships with rural and underserved communities and address barriers to care for people living with dementia and their caregivers. Eligible applicants include Area Agencies on Aging. Twelve programs will be awarded for the 3-year project.

In the Spotlight - Alzheimer’s Los Angeles Partners with LA County Supervisors to Raise Dementia Awareness

Alzheimer’s Los Angeles has teamed up with the Los Angeles County Board of Supervisors to produce a series of impactful videos promoting *Dementia Friends* —a global initiative aimed at reducing the stigma surrounding dementia and building more dementia-friendly communities.

In these videos, each Supervisor shares insights on the growing prevalence of dementia in Los Angeles County, the harmful effects of stigma, the importance of supportive services, and how everyone can take simple steps to better understand and support those living with dementia.

You can watch the full video series now on the [Alzheimer’s Los Angeles YouTube channel](#). We encourage you to share these resources widely and help spread the message of compassion and inclusion.

Watch. Learn. Share. Be a Dementia Friend.

In the Spotlight - Conversations that Matter: Talking to Family Caregivers

The USC Family Caregiver Support Center has launched a new digital toolkit that offers providers practical strategies to better support dementia caregivers and promote their health. **Conversations that Matter** includes five brief modules on topics like emotional stress, financial strain, and care team communication. Each module features real caregiver quotes and simple scripts providers can use to guide meaningful conversations and connect families to resources.

The toolkit is mobile-friendly and easily integrated into clinical settings. It’s now live and being actively shared—be sure to explore and share with your network! [Access the toolkit here.](#)

CAREGIVERS AS PARTNERS IN CARE TEAMS (CAP-CT) LEARNING COLLABORATIVE

Deadline: November 7, 2025

CAP-CT is pleased to announce a funding opportunity for adult inpatient care delivery sites for their participation in a learning collaborative. During this 12-month learning collaborative, select sites will pilot a care process of their choosing to strengthen how they identify, engage, and support family caregivers. Sites will be offered an \$8,000 stipend for the time spent participating in the collaborative.
