

**LOS ANGELES COUNTY DEPARTMENT OF PUBLIC HEALTH
CHILDHOOD LEAD POISONING PREVENTION PROGRAM (LACLPPP),
CENTERS FOR DISEASE CONTROL AND PREVENTION (CDC) GRANT**

PRESENTS....

**FAITH-BASED ORGANIZATIONS
INTEGRATING LEAD POISONING
PREVENTION AND HEALTHY
HOMES INTO THEIR COMMUNITIES**

There is nothing more powerful than positive influence. "Where Faith-based leaders go, so will their followers". Public Health recognizes and appreciates that influence and would like to invite you to a full day's exposure to dynamic speakers who have engaged in collaborative projects with government. You will hear from those concerned about healthy homes; prolific motivators in the area of the faith-based organizations and affordable housing; and leaders in the area of how to prevent lead poisoning in young children. We are requesting your attendance at this one-day conference to examine ways to move towards improving community health. Come and explore the opportunities, gain new perspectives and see if you may be eligible for possible funding from the LACLPPP/CDC Grant. Do your part to create sustainable, healthy communities!

Save the Date

- Practical strategies to improve housing
- New concepts to explore
- Partnership success stories
- Networking opportunities
- Opportunities for project funding

Date: Thursday, June 25, 2009
