

Asthma Training for Clinicians

Are you confidently implementing asthma guidelines-based care in your clinic?

You are invited to a seminar that will improve best practices
in asthma case management in your clinic and/or hospital.

Goals for this training include how to apply NHLBI Expert Panel Report-3 Guidelines for the Diagnosis and Management of Asthma, how to increase patient medication adherence, and the effective use of Asthma Action Plans. Participants will also receive hands-on demonstration of asthma medication use and devices.

Tuesday, August 29, 2017
11 a.m. - 1 p.m.
