03.03.2020 FAQ (ប្រចាំថ្ងៃ)
5. What do I need to know if my contact is sick?

Coronavirus can spread between people within 6 feet of each other. If you believe you have been exposed, please refer to the COVID-19 Information Center: https://covid19.lacounty.gov/ for more information. For the most up-to-date information, please visit the Centers for Disease Control and Prevention (CDC) website: https://www.cdc.gov/coronavirus/2019-ncov/index.html.

6. How do I know if I have been exposed to COVID-19?

If you believe you have been exposed, please refer to the COVID-19 Information Center: https://covid19.lacounty.gov/ for more information. For the most up-to-date information, please visit the Centers for Disease Control and Prevention (CDC) website: https://www.cdc.gov/coronavirus/2019-ncov/index.html.

7. What should I do if I have been exposed to COVID-19?

If you believe you have been exposed, please refer to the COVID-19 Information Center: https://covid19.lacounty.gov/ for more information. For the most up-to-date information, please visit the Centers for Disease Control and Prevention (CDC) website: https://www.cdc.gov/coronavirus/2019-ncov/index.html.

8. What should I do if I have COVID-19?

If you have COVID-19, please refer to the COVID-19 Information Center: https://covid19.lacounty.gov/ for more information. For the most up-to-date information, please visit the Centers for Disease Control and Prevention (CDC) website: https://www.cdc.gov/coronavirus/2019-ncov/index.html.

9. What should I do if I have been in contact with someone who has COVID-19, or if there are cases in my community?

If you believe you have been exposed, please refer to the COVID-19 Information Center: https://covid19.lacounty.gov/ for more information. For the most up-to-date information, please visit the Centers for Disease Control and Prevention (CDC) website: https://www.cdc.gov/coronavirus/2019-ncov/index.html.

10. What should I do if I have COVID-19?

If you have COVID-19, please refer to the COVID-19 Information Center: https://covid19.lacounty.gov/ for more information. For the most up-to-date information, please visit the Centers for Disease Control and Prevention (CDC) website: https://www.cdc.gov/coronavirus/2019-ncov/index.html.
11. What is Public Health and what does it do in response to outbreaks of infectious diseases?

Public Health is responsible for protecting the health of the community during outbreaks of infectious diseases. When outbreaks occur, Public Health works to prevent the spread of disease and to ensure that people have access to the medical care they need. Public Health also works to educate the public about how to protect themselves from infectious diseases.

12. What is COVID-19?

COVID-19, short for coronavirus disease 2019, is a respiratory illness that is caused by a virus known as SARS-CoV-2. Symptoms of COVID-19 include fever, cough, shortness of breath, and difficulty breathing. The virus is highly contagious and can spread from person to person through respiratory droplets.

13. What are the symptoms of COVID-19?

The symptoms of COVID-19 include fever, cough, shortness of breath, and difficulty breathing. The disease can also cause other symptoms such as muscle pain, chills, headache, sore throat, and nasal congestion.

14. What measures can be taken to prevent the spread of COVID-19?

To prevent the spread of COVID-19, it is important to wash your hands frequently, avoid touching your face, and practice social distancing. If you are feeling sick, stay home and call your healthcare provider before visiting the emergency room.

15. Where can I find more information about coping with stress during the COVID-19 pandemic?

For more information about coping with stress during the COVID-19 pandemic, you can visit the Los Angeles County Department of Mental Health Access Center 24/7 at 800-854-7771. You can also visit the Los Angeles County Department of Public Health website at www.publichealth.lacounty.gov.
