What you need to know now about COVID-19

Los Angeles County is safely reopening in stages. As more businesses reopen, there are important things you should continue to do:

Wear a Cloth
Face Covering

Practice Physical
Distancing

Frequently Wash
Your Hands

Self-isolate when sick &
Self-quarantine when exposed

Are you concerned about going to the emergency room or calling 9-1-1 in an emergency?

Emergency rooms and calling 9-1-1 are SAFE

Hospital emergency rooms are taking extra steps to make sure you stay safe.

Is what you're hearing from friends, family, and SNS confusing?

Remember, there is NO CURE for COVID-19

Talk to your doctor about any Korean medicine or non-prescription drugs you are taking. Get your information from reliable places and avoid scams. (<https://tinyurl.com/scamKor>)

Do you have children?

Keep your well-child appointments and get your children vaccinated for other diseases.

Your doctor's offices are taking extra steps to make sure you and your family stay safe.
