Searching online for a COVID-19 vaccine: a step-by-step guide

1. Type VaccinateLACounty.com into your web browser. (Recommend using Chrome or Safari. Do not use Internet Explorer.)

2. Click on “Learn how to get vaccinated”. You will be redirected to the “COVID-19 Vaccine: How to get vaccinated” page.

3. Scroll down to the “Find a location near you” section:
   - Enter your zip code and how far you want to go to get a vaccine (under Distance within drop down menu).
   - Click the Search button. A list of vaccine clinics will display. Select “View in Map” to show results by map.
Searching online for a COVID-19 vaccine: a step-by-step guide

More search options

- If you are looking for a vaccine for someone **age 5-11**, select "Only show sites that may provide Pfizer vaccine for children ages 5-11 subject to availability" then click **Search**. Children ages 5 through 11 years receive one-third of the adult dose of Pfizer COVID-19 vaccine. Smaller needles, designed for children, are also used.

- You can also use additional filters to narrow your search such as hours of availability or location.

If you need help, call the Vaccine Call Center at 833-540-0473.
The call center is open daily from 8am to 8:30 pm. Free transportation and in-home vaccination for those who are homebound are available. Assistance is also available in many languages 24/7 by calling 2-1-1.
