

Parent Ambassador Leaders (PALs)

PALs Program Overview

Parents or guardians of a student at TK-12 Los Angeles County Schools are invited to apply for the Parent Ambassador Leaders (PALs) Program!

PALs will. . .

- **LEARN** about student health and school success. Topics include:
 - Importance of routine childhood immunizations and vaccines required for school
 - Mental health
 - Substance use, abuse, and prevention
 - Importance of school attendance
- **SHARE** what they've learned by spreading information through resources, presenting, and conducting outreach within their school community.
 - Invite other parents to training opportunities
 - Host or participate in a health fair at their child's school
 - Present at a school meeting for parents or coordinate a guest speaker
 - Develop a program at their child's school related to one of the PALs program's topics
 - Share health information on school communication app or social media
- **GET PAID** for the work they do at schools with a **\$550** gift card!
 - PALs must complete all program requirements within the school semester, including training, outreach and sharing

Program Requirements

- School support and approval from the school administrator
 - Parent must obtain school support by obtaining a school administrator to endorse the outreach activities that they will conduct at the school site. Parents must provide the school administrator's name and email address on their PALs application.
- **20**-hour time commitment including online training and school outreach
- Promote the Public Health Ambassadors monthly trainings as a part of the outreach efforts and help at least 5 parents register for an upcoming training.
- **SHARE** information or resources at a parent/school meeting or event at least **2** times
- Develop a new **program** at school to support one of the 4 priority topics for PALs
