

Summary Report of COVID-19 in People Experiencing Homelessness (PEH)

1/12/2021 to 1/18/2021

Lab Confirmed Cases	New Cases	Total Cases	Note:
Verified PEH ¹	252	4,793	1. Homelessness status and COVID-19 cases verified as of 11 AM on 1/18/2021.
Presumed PEH ²	225	924	2. Presumed PEH are those whose homelessness status is still under investigation.
Total PEH Cases³	477	5,717	3. PEH totals and breakdowns include both verified PEH cases and presumed PEH cases unless otherwise specified, and does not include staff at shelters and other facilities.

Cumulative COVID-19 Case Counts among PEH

Note:

- Cases are reported by Episode Date, which is the earliest existing value of: Date or Onset, Date of Diagnosis, Date of Death, Date Received, Specimen Collection Date. Deaths reported by Date of Death or Date Received if Date of Death is missing. Number of daily cases will not match the number of newly reported Los Angeles County cases as episode date reflects date of underlying illness rather than date of report.
- Data are subject to change for the current week due to reporting lags and pending investigations.
- New cases are those newly reported to DPH/PEH Team since last report.
- Numbers reported may vary slightly each week and may not be additive due to records occasionally being closed as false reports or other re-categorization changes based on investigation updates.
- Excludes data from the cities of Long Beach and Pasadena.

PEH Cases by Week

Note:

1. Cases reported by Episode Date, which is the earliest existing value of: Date or Onset, Date of Diagnosis, Date of Death, Date Received, Specimen Collection Date. Number of daily cases will not match the number of newly reported Los Angeles County cases as episode date reflects date of underlying illness rather than date of report.
2. Data are subject to change for the current week due to reporting lags and pending investigations.
3. PEH COVID-19 Cumulative Case Fatality Rate is the proportion of PEH cases with COVID-19 related deaths among known PEH cases. This does not include non-resident staff at shelters or other facilities.
4. New cases are those newly reported to DPH/PEH Team since last report.
5. Numbers reported may vary slightly each week and may not be additive due to records occasionally being closed as false reports or other re-categorization changes based on investigation updates.
6. Excludes data from the cities of Long Beach and Pasadena.

7-Day Rolling Averages for Daily Confirmed PEH Cases by Episode Date

Note:

1. We use a rolling 7-day average to smooth some of the fluctuations we see in the daily numbers due to reporting and processing lags that are a part of reportable disease surveillance.
2. Cases reported by Episode Date, which is the earliest existing value of: Date or Onset, Date of Diagnosis, Date of Death, Date Received, Specimen Collection Date.
3. Data are subject to change for the current week due to reporting lags and pending investigations.
4. Numbers reported may vary slightly each week and may not be additive due to records occasionally being closed as false reports or other re-categorization changes based on investigation updates.
5. Excludes data from the cities of Long Beach and Pasadena.

DEMOGRAPHICS

Age Groups	Cases		Deaths		PEH Case Demographics: Age Groups
	Total	%	Total	%	
0-17	327	6%	1	1%	<p>PEH Case Demographics: Age Groups</p> <p>A majority of the PEH COVID-19 Cases were over the age of 30 years old</p> <p>Nearly 3 in 5 PEH covid cases were between 30 and 59 years old</p>
18-24	349	6%	2	2%	
25-29	492	9%	2	2%	
30-39	1,102	19%	5	5%	
40-49	1,060	19%	21	19%	
50-59	1,219	21%	27	24%	
60-64	556	10%	22	20%	
65+	603	11%	30	27%	
Unknown	9	0.2%	1	1%	

Gender Identity	Cases		Deaths		PEH Case Demographics: Gender Identity
	Total	%	Total	%	
Male	3,590	63%	94	85%	<p>PEH Case Demographics: Gender Identity</p> <p>Nearly 2 in 3 (63%) PEH cases were among males</p>
Female	1,742	30%	17	15%	
Transgender Men (Female to Male)	2	0%	0	0%	
Transgender Women (Male to Female)	24	0.4%	0	0%	
Genderqueer/Gender non-conforming	3	0.1%	0	0%	
Unknown	356	6.2%	0	0%	

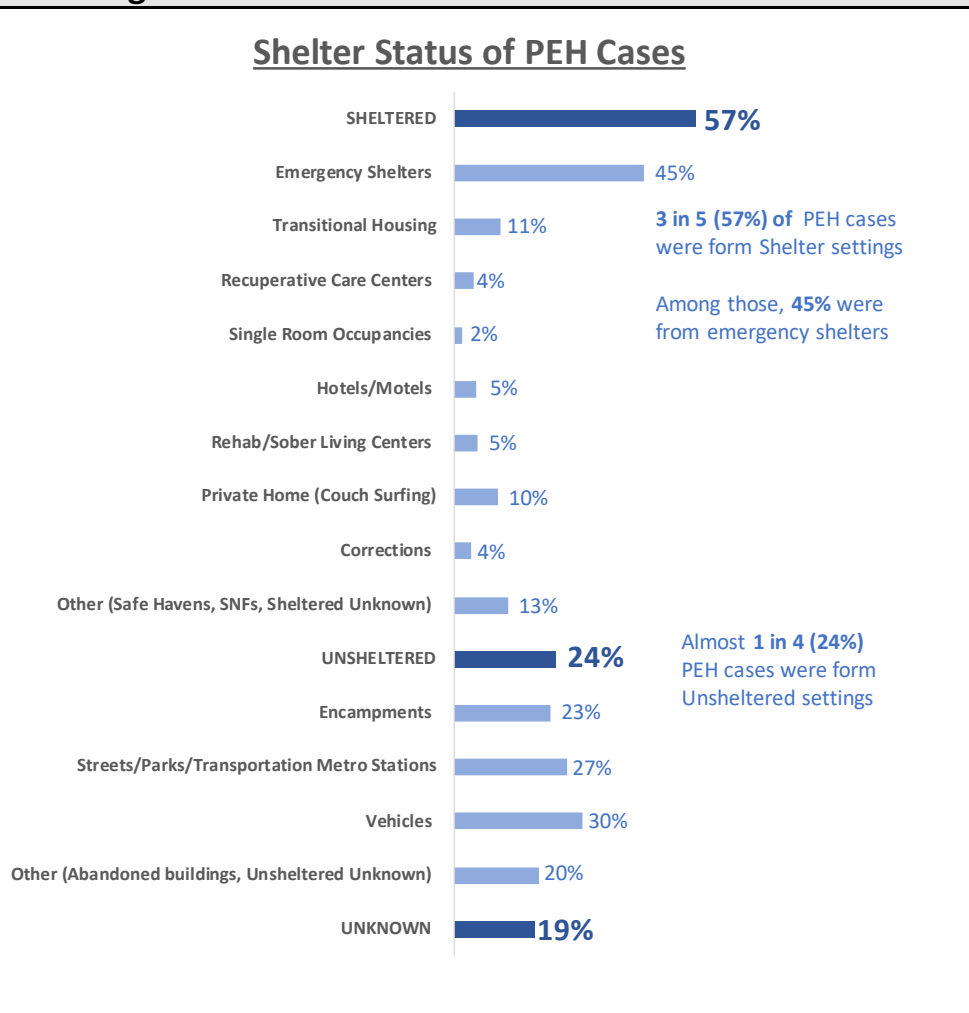

Race/Ethnicity	Cases		Deaths		PEH Case Demographics: Race/Ethnicity
	Total	%	Total	%	
American Indian or Alaska Native, NH	32	0.6%	0	0%	<p>PEH Case Demographics: Race/Ethnicity</p> <p>2 in 5 PEH cases were among Hispanic/Latinos</p> <p>Over 1 in 5 were among Black or African Americans</p>
Asian, NH	66	1%	1	1%	
Black or African American, NH	1,244	22%	25	23%	
Hispanic/Latino	2,303	40%	59	53%	
NHOPI, NH	18	0.3%	0	0%	
White, NH	806	14%	18	16%	
Multi-race or Two or More Races, NH	22	0%	0	0%	
Other/Unknown	1,226	21%	8	7%	

Note:
NH = Non-Hispanic

Note: Data are subject to change for the current week due to reporting lags and pending investigations. Data does not include non-resident staff at shelters or other facilities. Numbers reported may vary slightly each week and may not be additive due to records occasionally being closed as false reports or other re-categorization changes based on investigation updates. Deaths reported by Date of Death or Date Received if Date of Death is missing. Excludes data from the cities of Long Beach and Pasadena.

PEH COVID-19 Case Origination

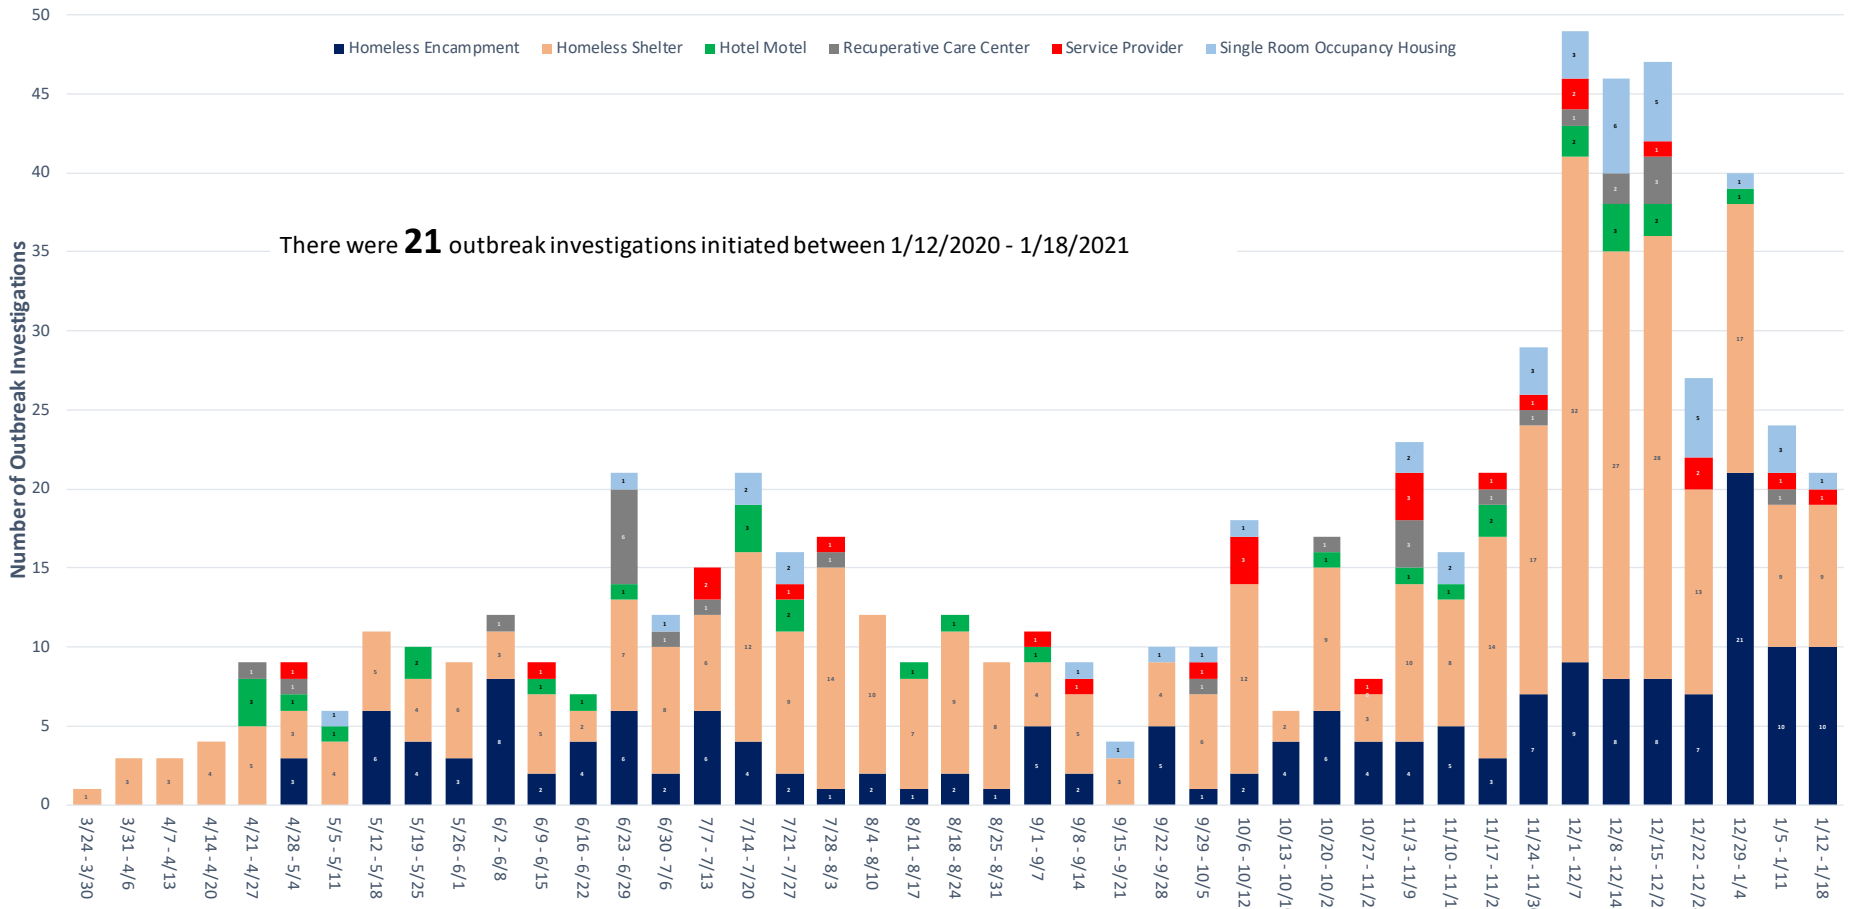

Shelter status at time of suspected COVID-19 exposure	Cases		Deaths	
	Total	%	Total	%
SHELTERED	3,262	57%	49	44%
Emergency Shelters	1,464	45%	22	45%
Transitional Housing	357	11%	6	12%
Recuperative Care Centers	146	4%	2	4%
Single Room Occupancies	57	2%	1	2%
Hotels/Motels	170	5%	1	2%
Rehab/Sober Living Centers	177	5%	2	4%
Private Home (Couch Surfing)	337	10%	7	14%
Corrections	134	4%	0	0%
Other (Safe Havens, SNFs, Sheltered Unknown)	420	13%	8	16%
UNSHELTERED	1,370	24%	43	39%
Encampments	313	23%	7	16%
Streets/Parks/Transportation Metro Stations	367	27%	10	23%
Vehicles	414	30%	21	49%
Other (Abandoned buildings, Unsheltered Unknown)	276	20%	5	12%
UNKNOWN	1,085	19%	19	17%
Total PEH	5,717	100%	111	100%

Staff or Volunteers at Shelters	Cases Total	Deaths Total
Shelter Staff or Volunteers	791	4

1. Staff data excludes homeless shelter staff/volunteers who live outside of Los Angeles County. Data excludes staff or volunteers from Permanent Supportive Housing settings.
 2. Data are subject to change for the current week due to reporting lags and pending investigations.
 3. New cases are those newly reported to DPH/PEH Team since last report.
 4. Numbers reported may vary slightly each week and may not be additive due to records occasionally being closed as false reports or other re-categorization changes based on investigation updates.
 5. Excludes data from the cities of Long Beach and Pasadena.

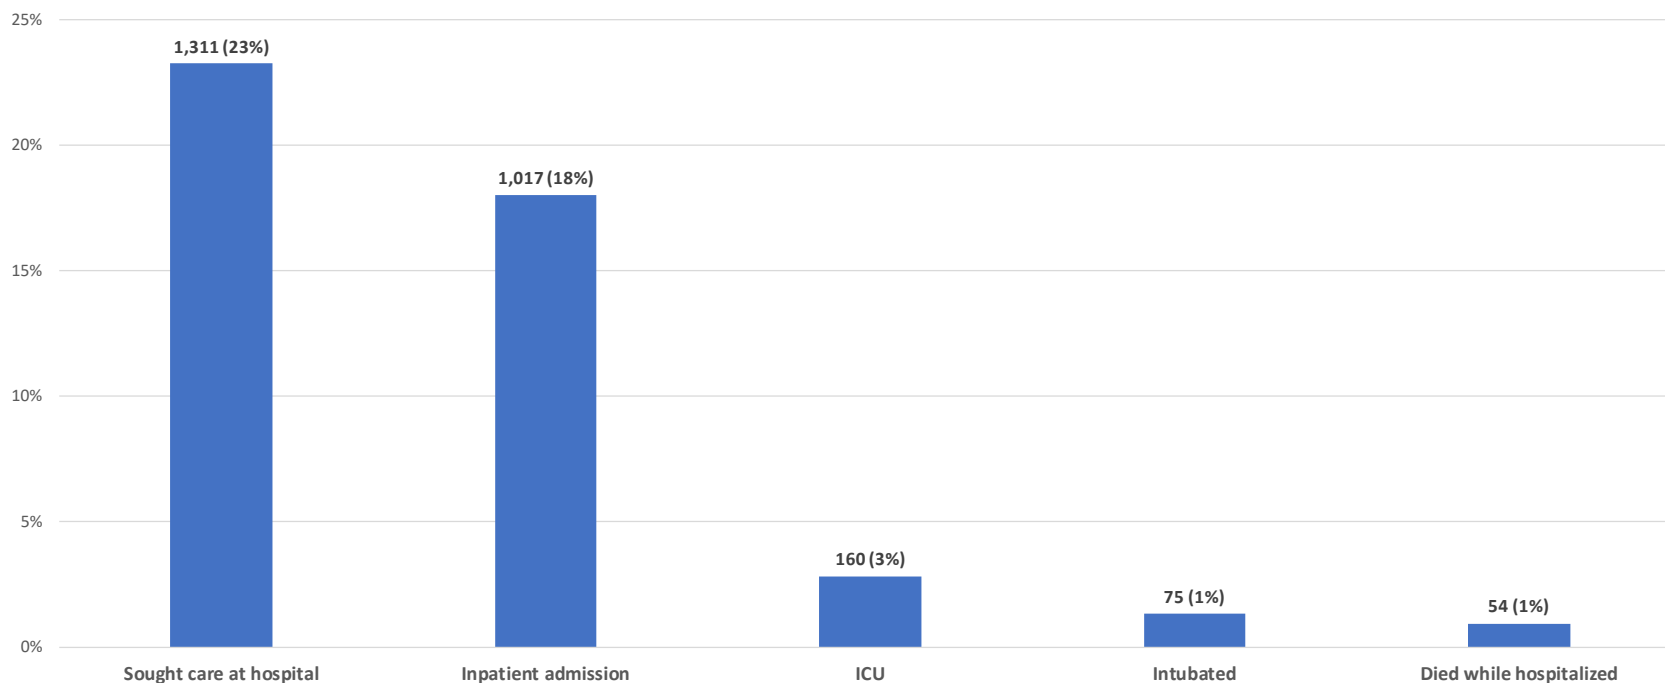

Outbreak Investigations by Week and Location Type

Note:

1. Outbreaks initiated in settings with one or more lab confirmed case among staff/residents.
2. Data are subject to change for the current week due to reporting lags and pending investigations.
3. PEH COVID-19 Cumulative Case Fatality Rate is the proportion of PEH cases with COVID-19 related deaths among known PEH cases. This does not include non-resident staff at shelters or other facilities.
4. New cases are those newly reported to DPH/PEH Team since last report.
5. Numbers reported may vary slightly weekly and may not be additive due to records occasionally being closed as false reports or other re-categorization changes based on investigation updates.
6. Excludes data from the cities of Long Beach and Pasadena.

PEH hospitalization outcomes as of 1/15/2021

Hospitalization Outcomes Notes:

1. These include data from all PEH who were ever hospitalized due to/during COVID-19 infection.
2. Due to pending hospital data updates, new PEH hospitalization outcomes are not available yet. This chart shows the most recently available data, which were pulled on 12/31/2020.
3. "Sought Care at Hospital" includes PEH individuals whose initial report to DPH indicated they were sent to a hospital as well as those admitted to the hospital later in their disease course. The data do not include hospital visits later in the disease course that did not lead to admissions.
4. "Inpatient admission" "ICU" and "Intubated" categories include data from all hospital inpatient admissions in Los Angeles County related to COVID-19.

For more detailed information regarding people experiencing homelessness and other COVID-19 data please visit the Los Angeles County Department of Public Health website:
