1. Type **VaccinateLACounty.com** into your web browser. (Recommend using Chrome or Safari. Do not use Internet Explorer.)

2. Click on "**Learn how to get vaccinated**". You will be redirected to the *"COVID-19 Vaccine: How to get vaccinated"* page.
3. Scroll down to the *"Find a location near you"* section:

   - Enter your zip code and how far you want to go to get a vaccine (under *Distance within* drop down menu).

   - Click the **Search** button. A list of vaccine clinics will display. Select "View in Map" to show results by map.

More search options

- If you are looking for a vaccine for someone **age 5-11**, select "*Only show sites that may provide Pfizer vaccine for children ages 5-11 subject to availability*"

  then click [Search]. Children ages 5 through 11 years receive one-third of the adult dose of Pfizer COVID-19 vaccine. Smaller needles, designed for children, are also used.
