Property Cleanup

WHO'S ON MY PROPERTY

Did you sign a Consent for Access to Property for the United States Environmental Protection Agency? If so, this will explain what you can expect during the debris cleanup.

You may see many different cleanup teams on your property over the next few weeks. These teams each have a specific job, but they all have the same goal: to leave your property clean and safe.

This is a list of agencies who you will see on your property. You should always be able to match the agency or organization logo below to at least one member of the team, usually the team leader.

- U.S. Environmental Protection Agency (USEPA)
- USEPA Contractors: START and ERRS
- Department of Toxic Substances Control (DTSC)
- Los Angeles County Fire Department, Health Hazardous Materials Division (HHMD)
- County of Los Angeles Department of Public Health
