

PUBLIC HEALTH WEEK

Centering & Celebrating
Cultures in Health | April 3rd-7th

WEDNESDAY, APRIL 5

12:00pm-3:00pm

Community Engagement Room
Martin Luther King, Jr. Center for Public Health
11833 S. Wilmington Ave,
Los Angeles, CA 90059

BIRTH-day Celebration

Celebrate cultural birth traditions in a "BIRTH-DAY" celebration highlighting the birthing process and bringing together diverse cultures in solidarity to uplift healthy and joyous births.

Explore traditional and modern birthing practices from different cultures through two panel discussions and information about the new Medi-Cal benefit covering doula support. Immediately following the panels, there will be a resource fair for families and individuals to participate in to learn more about MCAH programs and local community based organizations specializing in servicing families with children ages 0-5.

Interested in attending? Register here:
