CAPACITY BUILDING INITIATIVE 2019

OBJECTIVES

By the end of this presentation, it is anticipated that providers will:

• **Discover** the purpose of the Capacity Building Initiative (CBI) statement of work.
• **State** the five (5) primary capacity building categories.
• **Appreciate** the important deadlines for expenditure of CBI funds.
• **Identify** the three (3) most critical requirements to quickly access funds under CBI.
• **Become familiar with** completing the applicable capacity building documents.
• **Identify** the deliverables associated with the CBI.
“Capacity building is not just about the capacity of a nonprofit today -- it's about the nonprofit’s ability to deliver its mission effectively now, and in the future. Capacity building is an investment in the effectiveness and future sustainability of a nonprofit.”

*National Center for Nonprofit*
CAPACITY BUILDING INITIATIVE

PURPOSE:
To support SAPC-contracted treatment agencies in meeting the expectations and requirements under the County’s SUD specialty managed care plan to enhance service provision and improve the quality of life for staff, patients, their families, and the communities in which they reside.

ELIGIBILITY
1) Providers with a DMC CONTRACT
2) Providers with an SUD CONTRACT FOR CENS (more information at upcoming CENS Director’s meeting)
CAPACITY BUILDING INITIATIVE

CAPACITY BUILDING CATEGORIES
FIVE CAPACITY BUILDING CATEGORIES

1. **Workforce Development** – capacity to meet the clinical and other workforce standards under START-ODS.

2. **Strategic Relationships** – capacity to effectively develop and cultivate alliances and partnerships.

3. **Equipment Acquisition** – capacity to identify and use the necessary equipment, tools, software to implement SUD treatment in a more effective or efficient manner.

4. **Infrastructure Upgrades** – capacity to improve the efficiency of facilities where services are provided.

5. **Regulatory Compliance** – capacity to meet or exceed compliance to mandated regulations, policies, guidelines and laws.
FIVE CAPACITY BUILDING CATEGORIES

1. **Workforce Development**
   Allowable Activities under Workforce Development include:
   - **Training**: Formal instruction meant to increase the knowledge or skill of an individual with the goal to increase their ability to deliver services or execute their functions.
   - **Education**: Classroom-like instruction towards a certification, license or degree meant to increase the capacity or quality of care of the provider staff (e.g. continuing education classes, language interpreter proficiency, etc.).
   - **Any other activity** with the goal of increasing SUD treatment provider staff capacity and as approved by SAPC.
2. Strategic Relationships

Allowable activities under Strategic Relationships include:

- **Marketing and Communication**: patient recruitment, partnerships and collaborations between various organizations.
- **Operationalizing Partnerships**: workflows improving referrals and collaborations.
- **Strategic Restructuring**: continuance of services under a new mission, administrative oversight, or organization (i.e., joint ventures, parent/subsidiary relationships, and mergers).
- **Patient-Related Assessment**: assessment of cultural and linguistic needs of patients, perceptions of care, satisfaction survey.

*Consultants may be secured to assist in activities under strategic relationships.*
FIVE CAPACITY BUILDING CATEGORIES

3. Equipment Acquisition

Allowable activities under Equipment Acquisition include:

- **Business Machines/Software**: Any equipment to be used to conduct the daily operations of the SUD treatment provider.
  - Examples: computers, printers, scanners, software, or supplemental equipment such as signature pads or headsets.

- **Treatment Delivery**: Any equipment or software that facilitates the delivery of SUD treatment services.
  - Examples: Telehealth/Telephonic related equipment/software, Audio/Visual equipment, Furniture for group rooms, etc.

- Any other equipment acquisition activity with the goal of allowing the SUD treatment provider to deliver services in a more efficient and effective way and as approved by SAPC.

* Equipment or software purchased under this category becomes the property of the provider. The provider is solely responsible for the maintenance and replacement of such equipment.
FIVE CAPACITY BUILDING CATEGORIES

4. Infrastructure Upgrades
Allowable activities under the Infrastructure Upgrade category include:

• **Disability Access Improvements**: Improvements to facility that improve access and delivery of services to those with disabilities (e.g. ramp, room reconfiguration, bathrooms, installation of visual or sound equipment, etc.).

• **Increase Capacity**: Light repairs or minor renovations which result in added, increased, or improved use of rooms or office space to conduct SUD treatment related activities.

• Any other infrastructure upgrade activity with the goal of increasing the capacity of the structure where contracted SUD related activities occur.
5. **Regulatory Compliance** – capacity to meet or exceed compliance to mandated SUD governing regulations, policies, guidelines and laws

Allowable activities under Regulatory Compliance include:

- **American with Disabilities Act**: Ensures compliance with the ADA or improves deliver services (e.g. visual magnification devices, hearing magnification, modifications to curricula or reading materials, etc.). Does not include structural improvements.
- **Policy and Procedures Development**: Ensures that P & P are in alignment with requirements (e.g. timely access to care, CLAS, non-discrimination, etc.)
- **Workflow Enhancement**: Supports provider’s ability to meet state and federal requirements (e.g. intake workflows, reducing time from intake to treatment services, increasing availability of slots or beds, development of monolingual non-English groups, etc.).
- **Trainings**: Ensures critical understanding of requirements, regulations under DMC ODS of staff, Board of Directors, and advisory boards.
- **Any other activity** approved by SAPC with the goal of increasing the SUD treatment provider’s compliance with all relevant County, State, or Federal guidelines, regulations or policy.

*Consultants may be secured to assist in activities under regulatory compliance.*
EXAMPLE OF UNALLOWABLE COSTS

**General**
- Utilities
- Facility/Lease payments
- Acquisition of real property
- Software maintenance fees
- Any accounting/legal costs applicable to a capital improvement
- Leasehold improvements to homes rented under an operating lease
- Deductibles on insurable events
- Purchasing furniture or renovating employee offices

**Infrastructure Upgrade Specific**
- Routine maintenance of existing accessibility components
- Any repairs or improvements that cannot be completed by end of term
- Repairs or improvement to buildings used for religious worship
- New construction including additions or extensions that add sq. ft beyond the existing footprint of the building
- Other non-capital costs as determined by County
CAPACITY BUILDING INITIATIVE

Requirements
CBI REQUIREMENTS

• **Required Document Submission**
  1) Signed contract documents
  2) Work Plan
  3) Budget and Budget Narrative

• **Other Requirements**
  – Include signature pad(s) under equipment acquisition criteria (as applicable)
  – At least **ONE (1)** project MUST address Americans with Disability Act
  – No more than **THREE (3)** Capacity Building projects should be undertaken

**Begin immediately, because:**
• The sooner **required documents are submitted**, the sooner SAPC can process!
• All CBI projects MUST be completed by **June 30, 2019!**
CONTRACT DOCUMENTS

First priority for submission as it takes time to complete amendment process:

- **Allocation:** $100,000 (with some exceptions such as CENS, which is $25,000)
- **Received by:** Providers should receive documents soon after this meeting
- **Submission:** ASAP, but no later than **February 8th, 2019**
- **Term:** Upon execution to June 30, 2019
- **Process:** Typical amendment process
  - Complete “verify/specify” (SOW and facility directory)
  - Complete SOW Exhibit C-2

WORK PLAN

Workplan guides the capacity building projects and **MUST** be approved before engaging in activities

- **Content:**
  - General: goal/objective, category, activities, cost, timeline, & evaluation
  - For Infrastructure Upgrades: work to be conducted and photos/drawings
  - No more than 3 projects due to extremely short timeline

- **Number:** One workplan per provider (except agencies with CENS).

- **Samples:** In your packet and available on the website along with blank template [http://publichealth.lacounty.gov/sapc/events/events.htm](http://publichealth.lacounty.gov/sapc/events/events.htm)

- **Review:** Reviewed and approved by a multidisciplinary SAPC team within 5-7 business days of submission.

- **Submission:** Submit with budget and budget narrative by no later than **February 15th**, but sooner is better.
Develop work plan that can be completed in 3-4 months!

- Don’t overbook!
  - Consider staff bandwidth, time, and appropriate use of funds when planning.
  - Don’t over commit on projects (No more than three projects is ideal)

- What are the things that keep you up at night? Look for the areas that have the greatest, fundamental impact on the organization’s success!
  - Not enough referrals to your agency – look at ways to increase footprint in the market
  - Difficulty meeting demands of intake/assessment - examine existing workflows & focus on 1 item to change that will have the most impact

- Remember:
  - At least one capacity building project in work plan MUST address an ADA need.
  - If you do not have signature pads and are primary Sage User, MUST include in work plan

PROGRAM MANAGER

- **Identify:** Representative to facilitate coordination of CB activities
- **Responsibility:** Oversight of capacity building activities and communicating with SAPC.
- **Submit:** Program manager name to your Capacity Building CPA
- **Include:** Name and contact on all reports, invoices, and other related documents.
- **Notify:** your assigned Contract Program Auditor when there is a change in the Program Manager
INVOICES

- **Format**: must use the invoice template provided, also available on [http://publichealth.lacounty.gov/sapc/Event/event.htm](http://publichealth.lacounty.gov/sapc/Event/event.htm)

- **Include**: copies of relevant supporting documents (e.g. consultant invoice, bids/quotes, specifications, designs, photos, etc.)*

- **Submission**: submit by 10th of each month to SAPC_Compliance@ph.lacounty.gov

- **Review/Approved**: Contract Program Auditor.

- **No Expenses**: Submit with information on status

  *NOTE: invoices WILL NOT be approved if needed supporting documents are missing.*
SUBCONTRACTORS/CONSULTANTS

- All subcontracts or agreements between your agency and another company or individual **must** be reviewed and approved by SAPC, **IN ADVANCE**. *

- **Format:** Use subcontractor/consultant checklist sheet
  - ✔ Detailed scope outlining the consultant/subcontract product or services to be provided, estimated time on the project, description of fees and an estimate or detailing of exact costs
  - ✔ Resume, CV, licenses, certifications or other explanation of experience
  - ✔ Bid summary sheet, for Infrastructure Upgrade only where applicable

- **Submission:** submit with invoices on the 10th of each month

- **Review:** Contract Program Auditor

*If not approved, in advance, by SAPC consultant services will not be reimbursed.*
INFRASTRUCTURE UPGRADE

• **Primary Benefit to Contractor:** Repairs and improvements to *leased property* will be reviewed to ensure that the landlord or property owner is not the primary beneficiary of the SRFI activities.

• This *may* require a site visit or review of submitted documentation

• EXAMPLE: Installing a new roofing an entire building that contains other businesses besides your agency.
Site Control: SAPC requires Infrastructure Upgrades have evidence of site control for the contracted treatment facility(ies) where treatment activities will take place.

• To demonstrate site control, agencies should submit:
  ✓ copy of the deed (if owned),
  ✓ Current lease (if leased/rented), expired leases will not be considered
  ✓ or other approved evidence of site control.

• If repairs/improvements will take place on leased property, you must submit:
  ✓ written acknowledgement indicating support of the property owner for any improvements

• Determination of appropriate site control is at the discretion of SAPC

• Deadline: February 15, 2019
INFRASTRUCTURE UPGRADES

• Bids and Subcontracts:
  – For all projects over $1,500, providers must submit a “bid information sheet” identifying the three (3) bids/quotes (http://publichealth.lacounty.gov/sapc/events/events.htm)
  – For subcontracted services $1,000 or above, must use a company or individual that is appropriately licensed and bonded.

TIPS ON INFRASTRUCTURE UPGRADES:

Regulations: ensure any work, including that of subcontractors, complies with all Federal, State, County and City laws, ordinances or regulations controlling the action or operation of those engaged in the work, or affecting materials used, and operate in accordance with them.

Safety: ensure all rules of safety under Federal, State, or local code or regulation are carried out AND take proper safety and health precautions to protect the work, employees, residents, the public and the property of others.
