Presents a Special Lecture on
ASAM Criteria: What Providers Need to Know

Friday, July 31, 2015, 10:00 a.m. – 1:15 p.m.

County of Los Angeles Dept. of Public Health, Substance Abuse Prevention and Control
Lecture Hall-Building A-7, 1000 South Fremont Avenue, Alhambra, CA 91803

Featured Presenters:

Thomas E. Freese, PhD., Adjunct Associate Professor and Director of Training, UCLA Integrated Substance Abuse Programs, Department of Psychiatry and Biobehavioral Sciences, David Geffen School of Medicine at UCLA

Larissa Mooney, MD, Assistant Clinical Professor, UCLA Integrated Substance Abuse Programs, Department of Psychiatry and Biobehavioral Sciences, David Geffen School of Medicine at UCLA

The ASAM criteria are a set of criteria for providing outcome-oriented and results-based care in the treatment of addiction. They provide separate placement criteria for adolescents and adults to create comprehensive and individualized treatment plans to be used in service planning and treatment across all services and levels of care. With the impending approval of the Drug Medi-Cal Organized Delivery System (ODS) Waiver (DMC Waiver), implementation of the ASAM criteria will become an integral part of system transformation in California. The lecture will begin with a brief overview of the ASAM criteria. Next, the presenters will provide participants with a cross-walk between the levels of care articulated in the ASAM criteria and the levels of care defined by the DMC Waiver. The lecture will conclude with a panel presentation comprised of substance use disorder treatment providers from Los Angeles County (SAPC and Tarzana Treatment Centers) and Santa Clara County (Santa Clara County DADS) who have successfully implemented the ASAM criteria. Time will be made available throughout the lecture for questions and discussion.
