Tobacco use still has a devastating toll in our state. Every year, tobacco-related diseases impact the lives of thousands of Californians. In the past year, more than 16,000 kids started smoking, and over 220,000 high school aged kids smoked regularly. Currently, there are more than 440,000 kids alive today who will ultimately die prematurely from tobacco-related disease. Tobacco is the leading preventable cause of disease and death in California and the policies detailed in this report are proven strategies that lead to better lung health outcomes and ultimately save lives.

The American Lung Association State of Tobacco Control 2016 national report tracks progress on key tobacco control policies at the state and federal levels as of January 2, 2016. The report assigns grades to every state in four key areas: tobacco prevention and control spending, smokefree air, tobacco tax and cessation coverage.

In 2015, California did not see any upward movement in its state-level grades. While state legislative interest in tobacco control was at an all-time high during this period, Big Tobacco has fought progress every step of the way at the State Capitol. The battle between tobacco industry interests and public health in state politics has put California in a tenuous position: the tobacco industry's vast financial resources has successfully stalled meaningful public health legislation, while new, unregulated tobacco products have hit the consumer market.

This is increasingly evident in California's F grades: we rank at the bottom of the pack in funding for proven tobacco prevention and research programs and our state tobacco tax, at \$0.87, places us at 35th in the nation. Every state in the country except Missouri has raised their tobacco tax since California's last hike in 1998. If California is to make progress in reducing the number one cause of preventable death in the state, it's clear that raising the tobacco tax and increasing program funding is our best opportunity.

Key Facts

Tobacco use is the number one cause of preventable death in California

87¢

The state tobacco tax at \$0.87 per cigarette pack ranks 35th in the nation

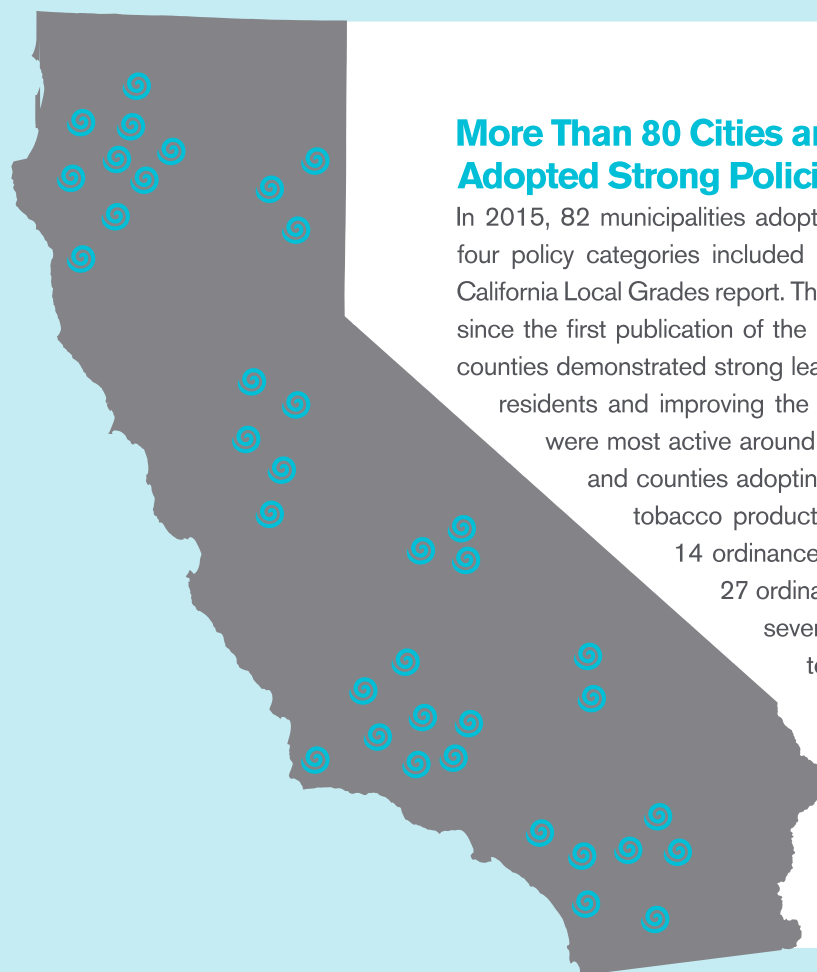

1 million saved lives

While poor state grades reflect important issues that California should address, there is much that can be done locally. Over this same period, local cities and counties in California have taken action to enact strong policies in tobacco control.

In coordination with the national report, the American Lung Association in California releases its State of Tobacco Control 2016 – California Local Grades report to track how well California municipalities protect their citizens from the burden of tobacco. The State of Tobacco Control 2016 – California Local Grades report is based on a review of county and municipal codes in four key areas for all 58 counties (which cover the unincorporated areas of the county) and 482 incorporated cities and towns in the state. Since the first such report, the number of communities with an overall A or B grade has increased dramatically.

The purpose of the State of Tobacco Control 2016 – California Local Grades report is to increase public knowledge about local laws that protect residents from the deadly toll of tobacco and to encourage local leadership to take action where improvement is needed. Leadership on key issues and solutions to these difficult problems can come from every level of government. Local elected officials can, and should, take steps to protect residents of their communities from tobacco and secondhand smoke.

More Than 80 Cities and Counties Adopted Strong Policies in 2015

In 2015, 82 municipalities adopted local ordinances in at least one of the four policy categories included in the State of Tobacco Control 2016 – California Local Grades report. This is the largest increase in adopted policies since the first publication of the report. Elected officials in these cities and counties demonstrated strong leadership in passing policies to protect their residents and improving the health of their communities. Communities were most active around emerging issues, with more than 65 cities and counties adopting policies that included regulation of novel tobacco products. Other policies passed in 2015 include 14 ordinances to restrict smoking in multi-unit housing, 27 ordinances to limit smoking in outdoor areas and seven ordinances that require tobacco retailers to obtain a license to sell tobacco products. See the “Cities and Counties on the Rise” section of the report (page 6) for the full list of municipalities that passed policies in 2015.

A

Number of Overall A Grades has

Nearly Doubled Over Past Five Years

Since 2010, the number of cities and counties that receive an A for their Overall Tobacco Control grade has nearly doubled from just 9 communities to the 17 cities and counties today. Two of these cities have taken a significant leap with their grades – just two years ago, El Cerrito had an overall F grade while Manhattan Beach received a D in last year’s report. See the “Top of the Class” section of the report (page 13) for the full list of cities and counties that have taken comprehensive policy action.

Local Governments are Taking Action on Electronic Cigarettes

Consistent with last year’s report, the number of local cities and counties that regulate the use and sales of electronic cigarettes in their community is continually growing. Over half of Californians in the state are now covered by an electronic cigarette policy at the local level, with more than 200 communities doing so with a strong definition that regulates electronic cigarettes as tobacco products.

>50%

of Californians are Still Unprotected

Despite the fact that the overall number of F grades has declined by almost 15 percent over the past five years, more than half of the total population in California is still unprotected from the dangers of tobacco use. In total, 307 municipalities (39 percent of California's total population) receive an F for their Overall Tobacco Control Grade, and 80 other communities receive a D for their Overall Tobacco Control Grade (17 percent of the total population in California).

Regulation of Flavored Tobacco Products is Spreading

With mounting evidence indicating that youth are increasingly more likely to use a candy or fruit-flavored tobacco product, cities and counties across California are taking steps to protect children from these dangerous products. There are now six cities and counties in California that have passed policies that restrict and/or ban sales of flavored tobacco products in their communities, with several more considering such policies at the time of this report. See the "Emerging Issues: Flavored Tobacco Products" section of the report (page 16) for more information regarding this topic area.

11 Cities Improved

Their Grade from an F to an A in at Least One Policy Category

Danville, El Cerrito, Hemet, Manhattan Beach, Mill Valley, Salinas, San Mateo, Santa Rosa, Saratoga, Sonoma and Woodland improved their grade from an F to an A in at least one category in 2015. Local government officials in these cities have taken substantial action in creating a healthier community environment with the passage of a robust tobacco control policy.

Every year, we see cities and counties across the state adopt policies to improve the health and wellness of their residents. These residents and their stories represent the real, tangible impact that these policies can have on a community. See Cheryl's story below.

Cities and counties that have taken any policy action during 2015 toward raising their grades and helping residents like Cheryl, deserve special recognition. These 82 “Cities and Counties on the Rise” adopted local ordinances in at least one of the four policy categories. In most cases, their actions improved their grade, but in some, the ordinance(s) only contributed to increasing the points in the particular grade category. Either way, these policies are noteworthy and deserve acknowledgement.

On the following pages are the 2016 “Cities and Counties on the Rise,” which are listed along with the grade categories in which they passed a policy. For further details about each municipality’s grades and points, including their Overall Tobacco Control grade, see the county report cards that begin on page 31.

Cheryl's Story

Cheryl Welsh lives in Davis, and her story is indicative of many others who are exposed to toxic secondhand smoke. She represents those individuals who would benefit greatly should policies like these be adopted in her community.

Cheryl lives in a duplex in Davis, and her neighbors are constantly smoking. According to her: “I felt very alone for a few years in dealing with the smoke. Your home should be a sanctuary and a safe place but cigarette smoke is a health threat, the smell is offensive and the tension between the neighbor and I has been constant.”

She tried everything she could think of to remedy her situation, but ultimately she was still stuck with drifting smoke from her neighbors. Cheryl wishes to retire in the home where she lives, but fears that with this constant barrage of smoke, she will be unable to do so. With the help of the American Lung Association, Cheryl is working with her city council to get a smokefree multi-unit housing policy passed. She finally feels like there is hope that she can retire without constantly breathing in deadly secondhand smoke in the one place that she should feel the safest – her home.

Alameda

Municipality	Grade Category for 2016 (Points Improvement)
Berkeley	Emerging Issues (2 bonus points)
Fremont	Emerging Issues (2 bonus points)
Livermore	Smokefree Outdoor Air (D to B), Emerging Issues (1 bonus point)
Pleasanton	Smokefree Outdoor Air (C to B)

Amador

Municipality	Grade Category for 2016 (Points Improvement)
Jackson	Smokefree Outdoor Air (F to D), Emerging Issues (1 bonus point)

Butte

Municipality	Grade Category for 2016 (Points Improvement)
Butte County	Emerging Issues (1 bonus point)
Chico	Emerging Issues (1 bonus point)
Paradise	Smokefree Outdoor Air (F to B), Emerging Issues (1 bonus point)

Contra Costa

Municipality	Grade Category for 2016 (Points Improvement)
Danville	Smokefree Housing (F to A), Emerging Issues (1 bonus point)
El Cerrito	Reducing Sales of Tobacco Products (F to A), Emerging Issues (4 bonus points)
Pleasant Hill	Smokefree Outdoor Air (increased points, grade remains B), Emerging Issues (2 bonus points)

Del Norte

Municipality	Grade Category for 2016 (Points Improvement)
Crescent City	Emerging Issues (2 bonus points)

Imperial

Municipality	Grade Category for 2016 (Points Improvement)
Calexico	Smokefree Housing (increased points, grade remains D), Emerging Issues (1 bonus point)

Kern

Municipality	Grade Category for 2016 (Points Improvement)
Tehachapi	Emerging Issues (1 bonus point)

Los Angeles

Municipality	Grade Category for 2016 (Points Improvement)
Artesia	Emerging Issues (1 bonus point)
Gardena	Emerging Issues (1 bonus point)
La Canada Flintridge	Emerging Issues (1 bonus point)
Long Beach	Emerging Issues (1 bonus point)
Los Angeles	Smokefree Housing (increased points, grade remains F)
Monterey Park	Emerging Issues (1 bonus point)
Pomona	Emerging Issues (1 bonus point)
Santa Clarita	Emerging Issues (1 bonus point)
Santa Monica	Emerging Issues (1 bonus point)
West Hollywood	Emerging Issues (1 bonus point)
Agoura Hills	Smokefree Outdoor Air (F to B), Emerging Issues (2 bonus points)
Manhattan Beach	Smokefree Housing (F to A), Reducing Sales of Tobacco Products (F to B), Emerging Issues (2 bonus points)

Marin

Municipality	Grade Category for 2016 (Points Improvement)
Fairfax	Emerging Issues (1 bonus point)
Mill Valley	Smokefree Housing (F to A)

Mariposa

Municipality	Grade Category for 2016 (Points Improvement)
Mariposa County	Smokefree Outdoor Air (F to C), Emerging Issues (1 bonus point)

Merced

Municipality	Grade Category for 2016 (Points Improvement)
Merced County	Smokefree Housing (increased points, grade remains F)

Modoc

Municipality	Grade Category for 2016 (Points Improvement)
Modoc County	Emerging Issues (1 bonus point)

Municipality	Grade Category for 2016 (Points Improvement)
Gonzales	Emerging Issues (1 bonus point)
City of Monterey	Emerging Issues (1 bonus point)
Salinas	Reducing Sales of Tobacco Products (F to A)
Seaside	Emerging Issues (2 bonus points)

Municipality	Grade Category for 2016 (Points Improvement)
Napa County	Emerging Issues (1 bonus point)
Yountville	Smokefree Outdoor Air (F to D)

Municipality	Grade Category for 2016 (Points Improvement)
Grass Valley	Smokefree Outdoor Air (D to C), Emerging Issues (1 bonus point)
Nevada City	Smokefree Outdoor Air (D to C), Emerging Issues (1 bonus point)

Municipality	Grade Category for 2016 (Points Improvement)
Costa Mesa	Emerging Issues (2 bonus points)
Orange County	Smokefree Outdoor Air (F to D)

Municipality	Grade Category for 2016 (Points Improvement)
Rocklin	Emerging Issues (2 bonus points)

Municipality	Grade Category for 2016 (Points Improvement)
Calimesa	Smokefree Outdoor Air (F to D), Emerging Issues (1 bonus point)
Hemet	Smokefree Outdoor Air (F to A), Smokefree Housing (F to D), Emerging Issues (1 bonus point)

Sacramento

Municipality	Grade Category for 2016 (Points Improvement)
Folsom	Smokefree Housing (points increase, grade remains C)
Galt	Smokefree Outdoor Air (points increase, grade remains F), Emerging Issues (1 bonus point)
Sacramento County	Emerging Issues (1 bonus point)

San Benito

Municipality	Grade Category for 2016 (Points Improvement)
Hollister	Emerging Issues (1 bonus point)

San Bernardino

Municipality	Grade Category for 2016 (Points Improvement)
Victorville	Smokefree Outdoor Air (F to D), Emerging Issues (1 bonus point)

San Diego

Municipality	Grade Category for 2016 (Points Improvement)
Lemon Grove	Emerging Issues (1 bonus point)
Oceanside	Smokefree Outdoor Air (D to B)

San Francisco

Municipality	Grade Category for 2016 (Points Improvement)
San Francisco	Emerging Issues (1 bonus point)

San Luis Obispo

Municipality	Grade Category for 2016 (Points Improvement)
San Luis Obispo	Emerging Issues (2 bonus point)

Municipality	Grade Category for 2016 (Points Improvement)
Brisbane	Emerging Issues (3 bonus points)
Burlingame	Smokefree Housing (D to A)
Daly City	Smokefree Outdoor Air (increased points, grade remains A), Emerging Issues (2 bonus points)
San Mateo	Smokefree Outdoor Air (D to C), Smokefree Housing (F to A), Emerging Issues (2 bonus points)

Municipality	Grade Category for 2016 (Points Improvement)
Santa Barbara County	Smokefree Outdoor Air (B to A), Smokefree Housing (D to C), Emerging Issues (1 bonus point)
Solvang	Emerging Issues (1 bonus point)

Municipality	Grade Category for 2016 (Points Improvement)
Los Gatos	Emerging Issues (1 bonus point)
Mountain View	Emerging Issues (1 bonus point)
Palo Alto	Smokefree Outdoor Air (C to A)
San Jose	Emerging Issues (2 bonus points)
Saratoga	Reducing Sales of Tobacco Products (F to A), Emerging Issues (1 bonus point)

Municipality	Grade Category for 2016 (Points Improvement)
Capitola	Smokefree Outdoor Air (grade remains A), Emerging Issues (1 bonus point)
Scotts Valley	Reducing Sales of Tobacco Products (F to A), Emerging Issues (1 bonus point)

Municipality	Grade Category for 2016 (Points Improvement)
Anderson	Emerging Issues (1 bonus point)
Redding	Emerging Issues (1 bonus point)

Municipality	Grade Category for 2016 (Points Improvement)
Solano County	Emerging Issues (1 bonus point)
Suisun City	Smokefree Outdoor Air (points increase, grade remains F)

Municipality	Grade Category for 2016 (Points Improvement)
Cotati	Smokefree Outdoor Air (F to B), Smokefree Housing (D to A), Emerging Issues (1 bonus point)
Santa Rosa	Smokefree Housing (F to A), Emerging Issues (1 bonus point)
Sonoma	Reducing Sales of Tobacco (F to A), Emerging Issues (4 bonus points)

Municipality	Grade Category for 2016 (Points Improvement)
Hughson	Emerging Issues (1 bonus point)
Modesto	Emerging Issues (1 bonus point)
Turlock	Smokefree Outdoor Air (F to D), Emerging Issues (1 bonus point)

Municipality	Grade Category for 2016 (Points Improvement)
Trinity County	Smokefree Outdoor Air (F to D), Emerging Issues (1 bonus point)

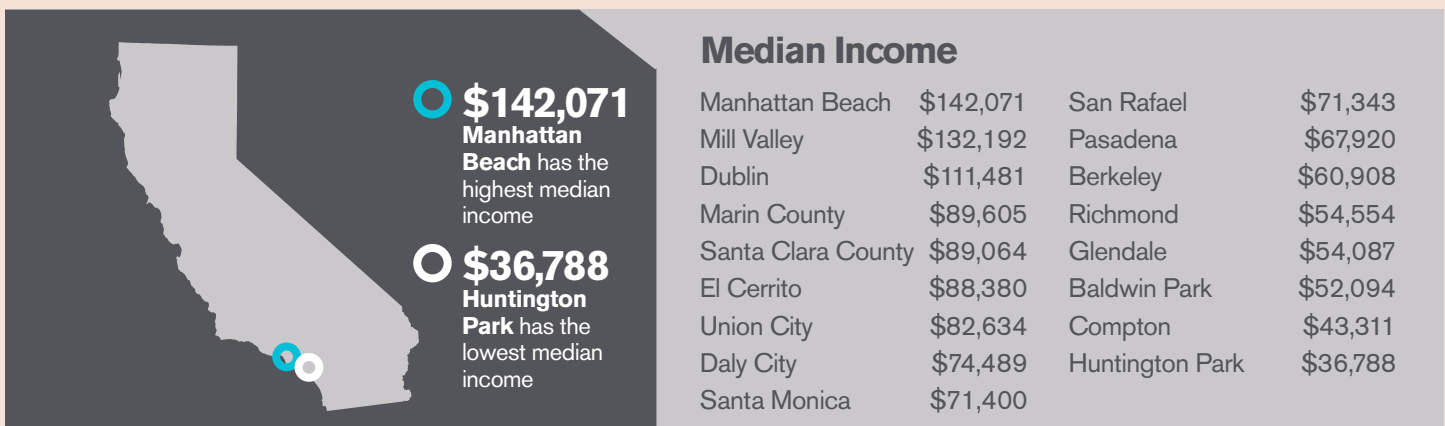

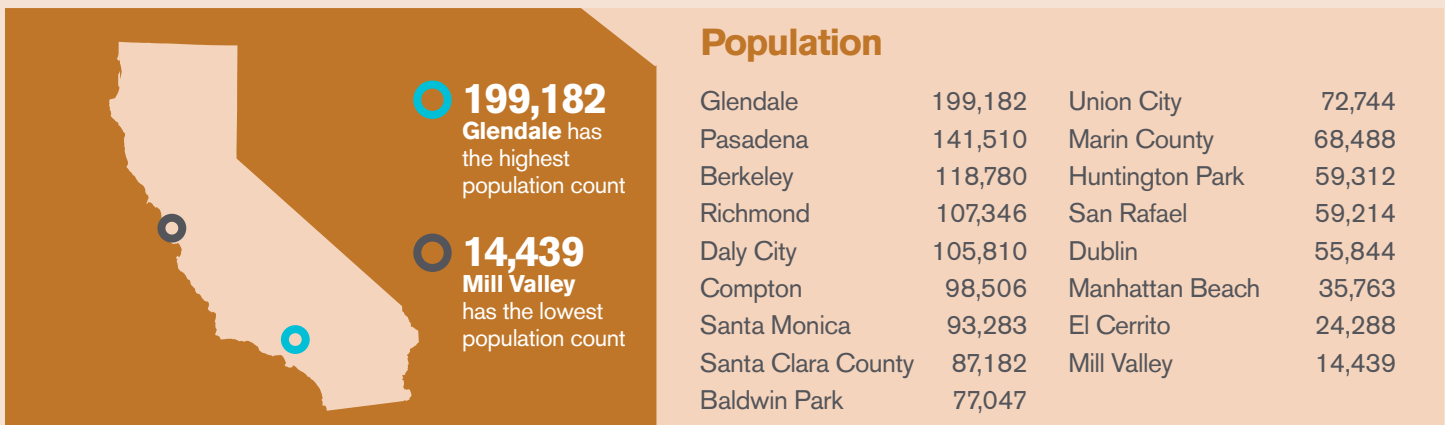

Municipality	Grade Category for 2016 (Points Improvement)
Camarillo	Emerging Issues (1 bonus point)
Ventura	Smokefree Outdoor Air (F to B), Smokefree Housing (F to D), Emerging Issues (1 bonus point)

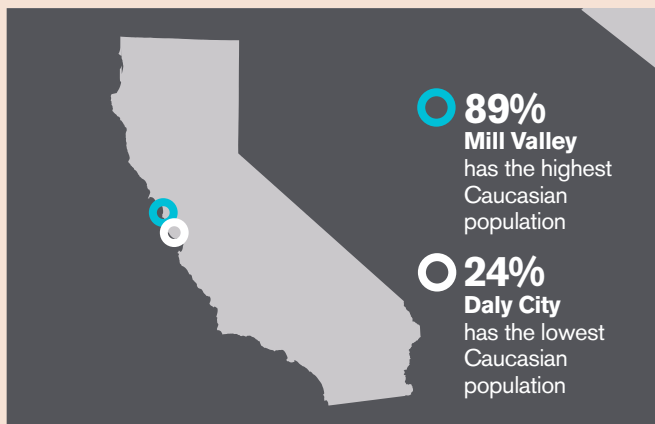

Municipality	Grade Category for 2016 (Points Improvement)
Davis	Smokefree Outdoor Air (points increase, grade remains A)
Woodland	Reducing Sales of Tobacco Products (F to A)
Yolo County	Emerging Issues (1 bonus point)

This year, there are 17 cities or counties that received an Overall Grade of A. These communities across California are a diverse mix in many aspects, demonstrating that support for tobacco control exists in all types of communities.

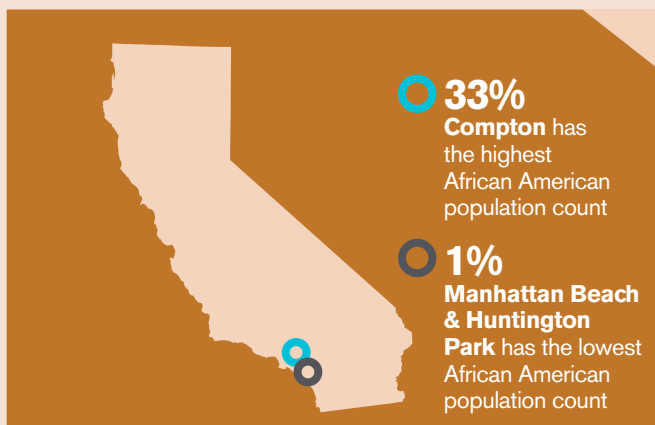

These jurisdictions are of every size and are spread geographically throughout the state. They have populations as low as 14,439 (Mill Valley) and as high as 199,182 (Glendale). Seven jurisdictions are located in the south (Baldwin Park, Compton, Glendale, Huntington Park, Manhattan Beach, Pasadena, and Santa Monica) and ten are located in the north (Berkeley, Daly City, Dublin, El Cerrito, Richmond, Marin County, Mill Valley, Santa Clara County, San Rafael, and Union City). In addition, these cities and counties have varying levels of income and ethnic diversity. The cities and counties range from predominantly white, to predominately Hispanic/Latino. Below is a comparison of all 17 municipalities in the areas of Population, Median Income, Ethnicity, and Latino Origin.

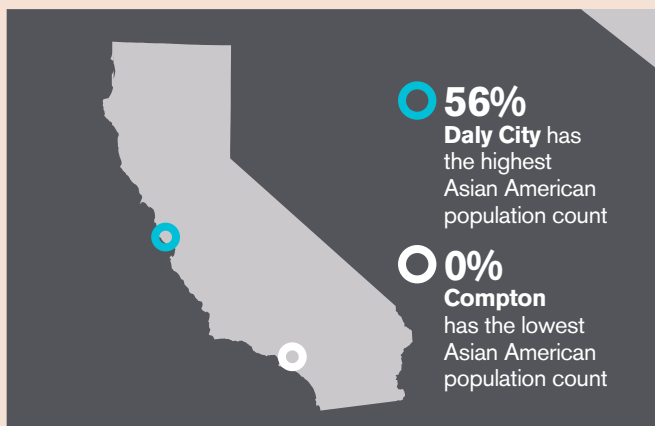

Caucasian Population

Mill Valley	89%	El Cerrito	53%
Marin County	86%	Dublin	51%
Manhattan Beach	85%	Huntington Park	51%
Santa Monica	78%	Baldwin Park	44%
Glendale	71%	Richmond	31%
San Rafael	71%	Compton	26%
Berkeley	60%	Union City	24%
Santa Clara County	58%	Daly City	24%
Pasadena	56%		

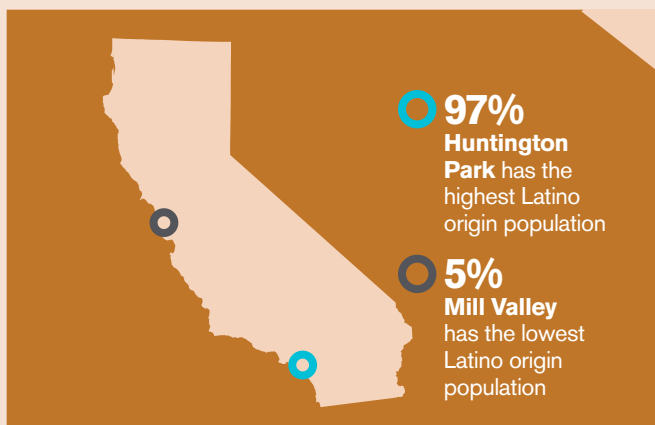

African American Population

Compton	33%	Marin County	3%
Richmond	27%	Santa Clara County	3%
Pasadena	11%	San Rafael	2%
Berkeley	10%	Glendale	1%
Dublin	9%	Baldwin Park	1%
El Cerrito	8%	Mill Valley	1%
Union City	6%	Manhattan Beach	1%
Santa Monica	4%	Huntington Park	1%
Daly City	4%		

Asian American Population

Daly City	56%	Richmond	14%
Union City	51%	Santa Monica	9%
Santa Clara County	34%	Manhattan Beach	9%
El Cerrito	27%	San Rafael	6%
Dublin	27%	Marin County	6%
Berkeley	19%	Mill Valley	5%
Glendale	16%	Huntington Park	1%
Pasadena	14%	Compton	0%
Baldwin Park	14%		

Latino Origin

Huntington Park	97%	Glendale	17%
Baldwin Park	80%	Marin County	16%
Compton	65%	Dublin	15%
Richmond	40%	Santa Monica	13%
Pasadena	34%	El Cerrito	11%
San Rafael	30%	Berkeley	11%
Santa Clara County	27%	Manhattan Beach	7%
Daly City	24%	Mill Valley	5%
Union City	23%		

Strong tobacco control laws in these top 10 cities can make a big difference in protecting more than a quarter of California's residents from secondhand smoke and other dangers of tobacco.

The ten most populous cities in California account for

25%

of the state's population

While San Jose, San Francisco, and Long Beach all passed Emerging Issues policies in 2015, more can and should be done to reduce the harmful effects of tobacco use in our most populous areas. Below is a table showing the grades for the ten most populous cities in California.

California's Report Card

Top Ten Cities in California by Population	Overall Tobacco Control
1. Los Angeles (Population: 3,957,022)	C
2. San Diego (Population: 1,368,061)	D
3. San Jose (Population: 1,016,479)	B
4. San Francisco (Population: 845,602)	B
5. Fresno (Population: 520,159)	F
6. Sacramento (Population: 480,105)	C
7. Long Beach (Population: 472,779)	C
8. Oakland (Population: 410,603)	B
9. Bakersfield (Population: 369,505)	F
10. Anaheim (Population: 351,433)	F

* Population numbers from State of California, Department of Finance, E-1 Population Estimates for Cities and Counties. Sacramento, CA, January 1, 2014 and 2015.

Over the past year, a new policy area has begun to emerge as the next big issue in tobacco control. All throughout the state, we have seen more and more communities stepping up and taking action on flavored tobacco products.

The first community to adopt a flavor ban in California was Santa Clara County in 2010. Between then and the beginning of 2015, only one other community adopted a local flavor ban, Hayward in 2013. This past year, however, we saw four additional communities adopt these policies: Berkeley, El Cerrito, Manhattan Beach and the City of Sonoma.

Why this is an issue:

The tobacco industry uses flavored tobacco products to target our youth, and make their products easier to use and more palatable. Enhanced candy flavors like bubble gum and grape acts as a gateway for those who initially start using tobacco, and helps to develop their tobacco addiction.

But don't adults use the products?

Sure, some adults may use flavored tobacco products, but the majority of youth that begin experimenting with tobacco, do so via flavored products. In fact, 7 out of 10 middle and high school students who currently use tobacco have used a flavored product¹. This includes flavored e-cigarettes, hookah tobacco, cigar, pipe tobacco or smokeless tobacco products, and menthol cigarettes.

What are California communities doing?

Local communities have recognized the significant public health threat that these particular products pose to our youth. As a result, several cities and counties have adopted some kind of flavor restriction, ranging from full bans on the sale of flavored products, to limitations on where flavored products can be sold: Berkeley, Hayward, El Cerrito, Manhattan Beach, Santa Clara County, and Sonoma (City).

This is a national trend - New York City, Providence, and Chicago, as well as the states of Maine and Illinois have taken steps to address the presence of flavored tobacco products in their communities.

¹Flavored Tobacco Product Use Among Middle and High School Students – United States, 2014, MMWR, CDC.

²Flavored-Little-Cigar and Flavored-Cigarette Use Among U.S. Middle and High School Students," Journal of Adolescent Health

The American Lung Association in California established local tobacco control grades in three categories that reflects where local action is needed and where the greatest public health benefit can be derived. The bar is set high because tobacco remains the number one preventable cause of death in California and because experience shows that local action has been the cornerstone of the tobacco control movement and public health improvement.

The three tobacco control policy grades that are assigned to each city and county are:

- (1) Smokefree Outdoor Air (page 18)
- (2) Smokefree Housing (page 20)
- (3) Reducing Sales of Tobacco Products (page 22)

These three grades plus Emerging Issues Bonus Points are then used to calculate an Overall Tobacco Control grade for each municipality. An “n/a” or “not applicable” score is given to municipalities in which it is not possible to adopt a specific type of policy due to a complete lack of the entity that is being graded. For example, if a city or county doesn’t have any stores that sell tobacco products, then the city is awarded an n/a as opposed to 0 points in the Reducing Sales of Tobacco Products category, and the grading scales are adjusted accordingly.

Below is a description of each of the grading categories, a summary of the relevant state laws and an explanation of the grade criteria.

OVERALL TOBACCO CONTROL GRADE

Description –The Overall Tobacco Control grade is a letter grade awarded to the municipality based on its grades in the three categories, plus Emerging Issues Bonus Points.

Grade Criteria – To determine the Overall Tobacco Control grade, the city or county is given a point value for each of its grades in the three categories (Smokefree Outdoor Air, Smokefree Housing, Reducing Sales of Tobacco Products) as follows: A=4; B=3; C=2; D=1; and F=0. These three point values are then added together, along with the Emerging Issues Bonus Points section (4 or more bonus points = 1 additional point), for a total point value for the Overall Tobacco Control grade. The total points are turned into grades based on a scale of: A (11-12); B (8-10); C (5-7); D (2-4); and F (0-1).

Smokefree Outdoor Air Methodology

Description – Secondhand smoke exposure is proven to be harmful at any level. This recognition that secondhand smoke is extremely toxic has bolstered efforts by local elected officials across the state to protect the health of their residents by adopting local ordinances that restrict smoking in a variety of outdoor areas ranging from parks to sidewalks.

State Law – California used to have some of the strongest laws in the nation to protect people from harmful secondhand smoke exposure. However, these state laws mostly focus on workplaces and other indoor areas and only a few laws restricting smoking in outdoor areas, such as those detailed below. Cities and counties have the explicit authority to go beyond state law and enact secondhand smoke restrictions in outdoor areas.

Grade Criteria – The Smokefree Outdoor Air grade is based on the smoking restrictions adopted by local communities in seven outdoor areas – (1) Dining Areas; (2) Entryways; (3) Public Events; (4) Recreation Areas; (5) Service Areas; (6) Sidewalks in Commercial Areas; and (7) Worksites. In the five outdoor areas, the city or county is given a point value between 0 and 4 based on the strength of their local ordinance. In two of the outdoor areas (Sidewalks in Commercial Areas and Worksites), the city or county is given a point value of 0 or 1 based on their local ordinance. These point values for the seven areas are then added together to calculate the overall Smokefree Outdoor Air grade using a scale of: A (18+); B (13-17); C (8-12); D (3-7); and F (0-2).

Dining Areas

Description – Restrictions on smoking in outdoor seating areas at restaurants and bars.

State Law – Smoking is prohibited in indoor dining areas but there are no state law restrictions on smoking in outdoor dining areas.

Criteria

- 4 – All outdoor dining areas at bars and restaurants are 100% smokefree
- 2 – Smoking restricted in outdoor dining areas but designated smoking areas allowed or exceptions made for certain types of bars and/or restaurants
- 0 – No smoking restrictions in outdoor dining areas

Entryways

Description – Restrictions on smoking in places within a certain distance of doors, windows, and other openings into all enclosed areas where smoking is prohibited.

State Law – Smoking is prohibited within 20 feet of entrances, exits, or operable windows of a public building, which includes state, county and city buildings.

Criteria

- 4 – Smoking prohibited within 20 or more feet of entryways
- 3 – Smoking prohibited within 15-19 feet of entryways
- 2 – Smoking prohibited within some distance less than 15 feet of entryways or within an unspecified distance of entryways
- 0 – No smoking restrictions for entryways

Public Events

Description – Smoking restrictions at events open to the public such as fairs, farmer’s markets, parades, concerts and other similar events that take place on public property.

State Law – There are no statewide restrictions on smoking in outdoor public events.

Criteria

- 4 – All public events are 100% smokefree
- 3 – Smoking restricted at all public events, but designated smoking areas are permitted
- 2 – Smoking restricted at specific types of public events (such as in all farmer’s markets), but not all public events
- 0 – No restrictions on smoking at public events

Sidewalks in Commercial Areas

Description – Smoking restrictions on sidewalks and other pedestrian walkways in commercial areas, such as downtown areas and outdoor shopping centers.

State Law – There are no statewide restrictions on smoking on sidewalks in commercial areas.

Criteria

- 1 – Smoking restricted on sidewalks or other pedestrian walkways within all commercial areas or within a specified commercial or downtown area

Recreation Areas

Description – Smoking restrictions at parks, beaches, trails and other similar recreation areas.

State Law – Smoking is prohibited within 25 feet of tot lots and playgrounds.

Criteria

- 4 – All recreation areas are 100% smokefree
- 3 – Smoking restricted in all recreation areas, but designated smoking areas are permitted
- 2 – Smoking prohibited in some parks, beaches and trails but not all recreation areas
- 0 – No smoking restrictions in recreation areas

Service Areas

Description – Smoking restrictions in outdoor locations where people stand or wait for services including ATM lines, public transit stops, taxi stands and ticket lines.

State Law – There are no statewide restrictions on smoking in service areas.

Criteria

- 4 – Smoking restricted at all service areas
- 2 – Smoking restricted at some types of service areas (such as at bus stops) but not all service areas
- 0 – No restrictions on smoking in service areas

Worksites

Description – Smoking restrictions in outdoor places of employment, such as construction sites.

State Law – There are no statewide restrictions on smoking in outdoor worksites.

Criteria

- 1 – Smoking restricted for some or all outdoor worksites

Smokefree Housing Methodology

Description – While California has been a leader on protections from secondhand smoke, one area where people continue to be unprotected is in multi-unit housing. Secondhand smoke exposure in multi-unit housing is a serious health threat because secondhand smoke drifts into housing units from other units, balconies, patios and common areas.

State Law – The only statewide smoking restriction in multi-unit housing is a workplace restriction prohibiting smoking in indoor common areas (described below) and is not intended to protect the health of tenants. A new state law that went into effect on January 1, 2012 authorizes landlords to prohibit smoking in the units they manage. While it was legal for landlords to prohibit smoking in the apartments they own and manage prior to this law, that authority is now specifically articulated in state law. Cities and counties are allowed to go beyond state law in enacting secondhand smoke restrictions for multi-unit housing and the new state law does not preempt these local ordinances.

Grade Criteria – Cities and counties have taken a variety of approaches in passing local ordinances to try to address the problem of secondhand smoke in multi-unit housing. The overall Smokefree Housing grade is based on the grades for four types of smokefree housing policies – (1) Nonsmoking Units in Apartments; (2) Nonsmoking Units in Condominiums; (3) Nonsmoking Common Areas; and (4) Nonsmoking Units in Housing Authorities. For three of the policy areas, the city or county is given a point value between 0 and 4 based on the strength of their local ordinance. For the Nonsmoking Units in Housing Authorities policy area, the city or county is given a point value of 0 or 1 based on the strength of their local ordinance. The point values for the four areas are then added together to calculate the overall Smokefree Housing Grade. If the jurisdiction has a Housing Authority, the point values are added and given a grade using a scale of: A (11+); B (8-10); C (5-7); D (2-4); and F (0-1). If the jurisdiction does not have a Housing Authority, the point values are added and given a grade using a scale of: A (10+); B (7-9); C (4-6); D (1-3); and F (0).

Nonsmoking Units in Apartments

Description – Prohibiting smoking within the units of multi-unit apartment buildings.

State Law – There are no statewide restrictions on smoking in units of multi-unit housing.

Criteria

- 4 – Prohibits smoking in 100% of units for both new and existing apartments
- 2 – Prohibits smoking in 75% or more of new and existing apartments units
- 1 – Prohibits smoking in 75% or more of new apartment units
- 0 – No requirements for declaring multi-unit housing units nonsmoking

Nonsmoking Units in Condominiums

Description – Prohibiting smoking within the units of multi-unit condominium buildings.

State Law – There are no statewide restrictions on smoking in units of multi-unit housing.

Criteria

- 4 – Prohibits smoking in 100% of units for both new and existing condos
- 2 – Prohibits smoking in 75% of new and existing condos units
- 1 – Prohibits smoking in 75% or more of new condos units
- 0 – No requirements for declaring multi-unit housing units nonsmoking

Nonsmoking Common Areas

Description – Smoking restrictions in both indoor common areas, which include hallways, stairwells, laundry rooms and recreation rooms, and outdoor common areas, which include swimming pools, play areas, outdoor eating areas and courtyards of multi-unit housing.

State Law – Smoking is prohibited in indoor common areas of apartments and condominiums if the areas are places of employment. These areas are places of employment if there is an employee who works on the property, such as an on-site property manager, security guard or maintenance worker.

Criteria

- 4 – Smoking restricted in all indoor and outdoor common areas, including ordinances that allow for designated smoking areas in outdoor common areas
- 2 – Smoking restricted in all indoor common areas, but not outdoor common areas
- 0 – No restrictions on smoking in common areas

Nonsmoking Units in Housing Authorities

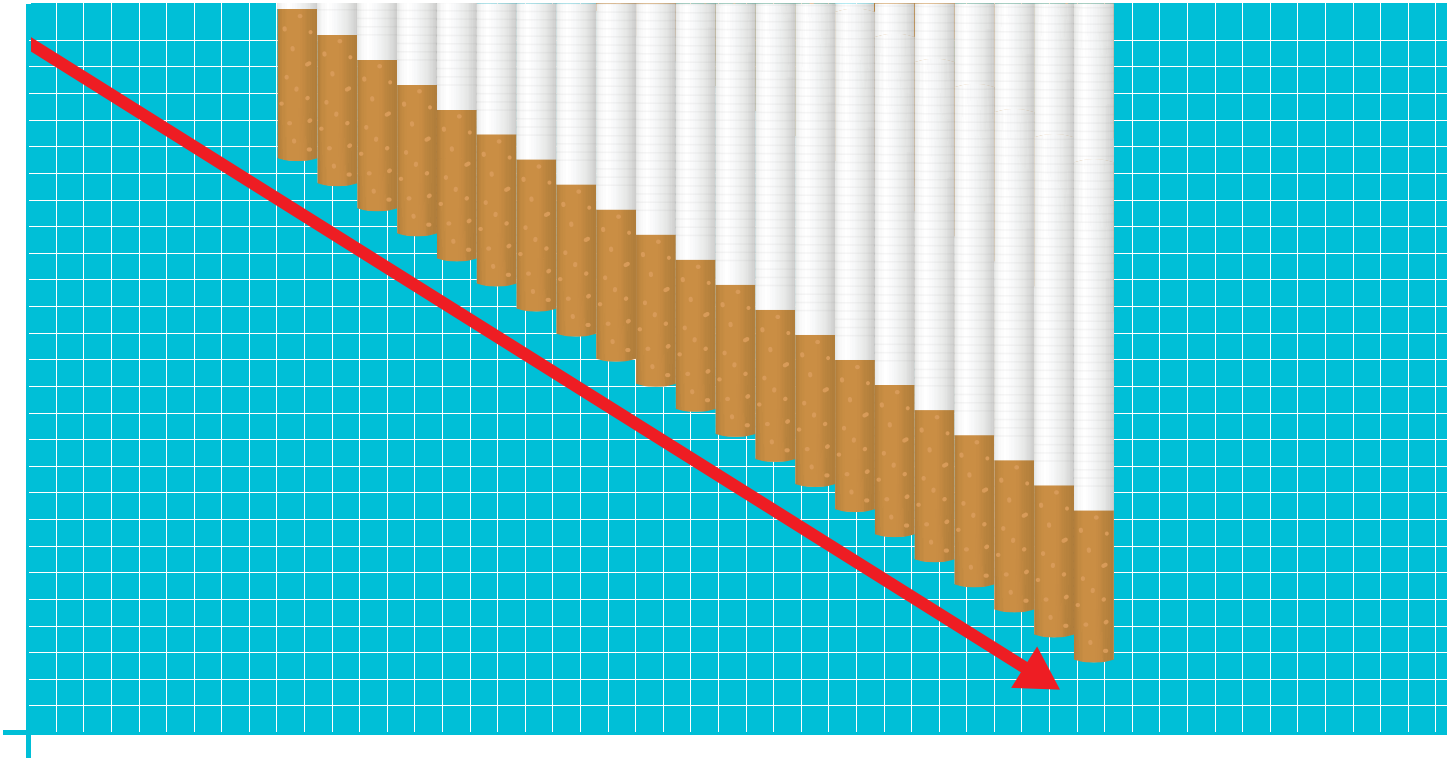

Description – Prohibiting smoking within the actual units, patios and balconies of multi-unit housing units that are under the control of the city or county Housing Authority, such as low-income, senior or migrant housing. These policies generally need to be approved by the City Council/Board of Supervisors. It is important to note that not all cities or counties have housing authorities, these cities will not receive a bonus point.

State Law – There are no statewide restrictions requiring nonsmoking for housing authorities.

Criteria

- 1 – Smoking is prohibited within 75% of units for the multi-unit housing complexes under the control of the housing authority

Reducing Sales of Tobacco Products Methodology

Description – An important aspect of reducing the smoking prevalence rates in California is to reduce the availability and sales of tobacco products. This most efficient way to do this is through the tobacco retail environment.

State Law – California has several statewide laws related to access to and sales of tobacco products that are described in the policy areas below. The state allows municipalities to go beyond state law in enacting restrictions in these policy areas.

Grade Criteria – The Reducing Sales of Tobacco Products grade is determined by the ordinances adopted by cities/counties in one area, Local Tobacco Retailer Licensing Ordinance. For this policy area, the city or county is given a point value between 0 and 4 based on the strength of their ordinance. The point value regarding the Tobacco Retailer Licensing Ordinance is then used to calculate the overall Reducing Sales of Tobacco Products grade using a scale of: A (4); B (3); C (2); D (1); and F (0).

Local Tobacco Retailer Licensing Ordinance

Description – Youth under the age of 18 are often able to purchase tobacco products at all types of retailers, ranging from convenience stores and gas stations to large chain grocery stores and pharmacies, even though it is illegal to sell tobacco products to minors. To combat this problem many cities and counties in California are passing ordinances that require tobacco retailers to obtain a license to sell tobacco products, which allows municipalities to keep track of tobacco retailers, conduct enforcement activities to ensure compliance with state and local laws and penalize retailers who sell to minors.

State Law – It is illegal in the state to sell or give tobacco products to anyone under the age of 18. There are laws in California to punish the business owner or the clerk when an illegal sale is made. Tobacco retailers are also required to obtain a state tobacco retailer license with a one-time \$100 fee, which has generally been used to combat black market sales and tax evasion.

Criteria – In order for a local licensing ordinance to effectively reduce illegal sales to minors, it must contain four provisions: (1) requiring tobacco retailers to pay an annual fee that sufficiently covers administration and enforcement efforts, including compliance checks; (2) requirement that all retailers obtain a license to sell tobacco and renew it annually; (3) provision that any violation of a local, state or federal tobacco law is considered a violation of the license; and (4) financial deterrent through fines and penalties for violations that includes suspension and revocation of the license. Of these four provisions, it is essential that the licensing ordinance requires a sufficient fee that will cover the administration and enforcement of the license to ensure that these activities occur. A city/county can get credit for meeting the annual fee requirement if it uses other sustainable funding sources (such as funds from the Master Settlement Agreement) that are dedicated for administration and enforcement of the retailer license.

The grade for Local Tobacco Retailer Licensing Ordinance section is based on the provisions of the ordinance that a city or county has adopted with the following scale:

- 4 – Licensing ordinance with sufficient annual fee and the other 3 provisions outlined above
- 3 – Licensing ordinance with sufficient annual fee and 2 of the other 3 provisions outlined above
- 2 – Licensing ordinance with sufficient annual fee and 1 of the other 3 provisions outlined above
- 1 – Licensing ordinance with sufficient annual fee and 0 of the other 3 provisions outlined above or licensing ordinance with insufficient annual fee and any of the other 3 provisions outlined above
- 0 – No licensing ordinance or a licensing ordinance with none of the provisions outlined above

Emerging Issue Bonus Points Methodology

Description – To combat ways the tobacco industry promotes the use of tobacco, cities and counties are adopting policies in new and challenging areas to reduce the prevalence of smoking in California.

Grade Criteria – The Emerging Issues section includes 7 possible bonus points and factors them into the Overall Tobacco Control Grade. Bonus points are available in the following issue areas (1) Emerging Products Definition in Secondhand Smoke; (2) Emerging Products Definition in Tobacco Retailer Licensing Ordinances (3) Tobacco Retailer Location Restrictions; (4) Sales of Tobacco Products in Pharmacies; (5) Sampling of Tobacco Products; (6) Flavored Tobacco Product; and (7) Minimum Packaging of Cigars. Receiving a total of 4 or more of these bonus points adds one point to the Overall Tobacco Control points.

Emerging Products Definition – Secondhand Smoke

Description – The tobacco industry is constantly creating and marketing new tobacco products. These products are often targeted to kids and can continue to attract new users to tobacco products. One such product is electronic cigarettes.

State Law – There are no statewide restrictions on the use of electronic cigarettes.

Criteria

1 bonus point – There is a strong definition of smoke, smoking or tobacco product that would include electronic cigarettes or other new and emerging tobacco products in a jurisdiction's secondhand smoke laws.

Emerging Products Definition – Tobacco Retailer License

Description – The tobacco industry is constantly creating and marketing new tobacco products. These products are often targeted to kids and can continue to attract new users to tobacco products. One such product is electronic cigarettes.

State Law – It is illegal to sell electronic cigarettes to anyone under the age of 18.

Criteria

1 bonus point – There is a strong definition of smoke, smoking or tobacco product that would include electronic cigarettes or other new and emerging tobacco products in a jurisdiction's tobacco retailer licensing ordinance.

Tobacco Retailer Location Restrictions

Description – Cities and counties can restrict where tobacco retailers are located and can prohibit them from being located within a certain distance, such as within 1,000 feet, of schools and parks. This type of policy can be enacted in several ways including through conditional use permits, other zoning restrictions and local tobacco retailer licensing ordinances. By reducing the presence of tobacco retailers in locations where youth congregate, this type of policy can reduce sales of tobacco products to youth and assist with efforts to reduce youth smoking. Furthermore, the number of tobacco stores in a neighborhood can have an effect on youth smoking behaviors in that neighborhood and in some disadvantaged neighborhoods, the numbers of tobacco retailers is far greater than in less disadvantaged neighborhoods.

State Law – There are no statewide laws restricting tobacco retailers from being within a certain distance of schools and parks based on proximity to other retailers or populations.

Criteria

1 bonus point – The city/county restricts businesses that sell tobacco from being located within a certain distance of schools and/or parks through a conditional use permit, other zoning restrictions or a local tobacco retailer licensing ordinance. Or the city/county prohibits a tobacco retailer from being located within a certain distance of other retailers to avoid a high concentration in certain areas. Or there is a limit to the number of tobacco retailer licenses that can be issued.

Sampling of Tobacco Products

Description – Giving away free tobacco products or providing these products at a greatly reduced cost is a tool that tobacco companies use to gain new customers and keep current customers addicted to new types of products. Restricting this sampling can make it harder for tobacco companies to addict new users and can help to reduce prevalence rates for using tobacco products.

State Law – The sampling of tobacco products is restricted by federal law, state law and the Master Settlement Agreement. The strongest restrictions are in the federal law, which prohibits free samples of cigarettes and smokeless tobacco (this does not apply to cigars, little cigars or pipe tobacco). Federal law bans free samples of smokeless tobacco products in most places, but allows sampling in qualified adult-only facilities. State law bans the nominal-cost distribution of cigarettes or smokeless tobacco products on public grounds or private grounds open to the public, but allows exemptions for adult only facilities. This law includes coupons, coupon offers, rebate offers, gift certificates/cards and other similar offers in this prohibition.

Criteria

1 bonus point – The city/county has adopted an ordinance that goes beyond the state and federal restrictions on sampling. This includes banning the sampling of all tobacco products, including cigars, little cigars, and pipe tobacco or restricting the nominal-cost distribution of cigarettes and tobacco products. It also includes eliminating sampling all together, including in adult only facilities.

Sale of Tobacco Products in Pharmacies

Description – Cities and counties can restrict sales of tobacco products at pharmacies. Pharmacies are traditionally places where people go to purchase products to get healthy or improve their health. The availability of tobacco products at pharmacies associates them with other healthy products and with the general health focus of these stores. Selling tobacco at pharmacies is contrary to a pharmacy's purpose and sends a mixed message to consumers and youth.

State Law – There is no statewide law that restricts pharmacies from selling tobacco products. Pharmacies that elect to sell tobacco products, like all other types of tobacco retailers, must obtain a statewide tobacco retailer license.

Criteria

1 bonus point – Tobacco products are prohibited from being sold at all pharmacies or at certain types of pharmacies in the city/county

Minimum Pack Size of Cigars

Description – Tobacco products are often sold individually to make them less expensive, and more enticing to youth. Establishing policies to ensure minimum packaging, or a minimum unit in which cigars can be sold in, will increase the purchase price and help protect youth from the health dangers of smoking little cigars and cigarillos.

State Law – There is no statewide law that restricts the sale of cigars in individual or small packages.

Criteria

1 bonus point – Prohibits the sale of cigars in individual or small packages, which increases the price and makes them less attractive to youth.

Flavored Tobacco Products

Description – Another tool used by tobacco companies to target youth and gain new customers is to produce tobacco products in a myriad of flavors. Restricting the flavors of tobacco helps to reduce the appeal to youth.

State Law – There are no statewide laws restricting the sale of flavored tobacco products.

Criteria

1 bonus point – The sale of flavored tobacco products, including cigars, little cigars, pipe tobacco and electronic cigarettes is prohibited.

GRADE SCALE

Below is a quick reference for the point scale for the four letter grades received by each city and county.

Overall Tobacco Control Grade

- A: 11-12 points
- B: 8-10 points
- C: 5-7 points
- D: 2-4 points
- F: 0-1 points

Smokefree Outdoor Air Grade

- A: 18+ points
- B: 13-17 points
- C: 8-12 points
- D: 3-7 points
- F: 0-2 points

Smokefree Housing Grade

- A: 11+ points / 10+ points
- B: 8-10 points / 7-9 points
- C: 5-7 points / 4-6 points
- D: 2-4 points / 1-3 points
- F: 0-1 points / 0 points

Reducing Sales of Tobacco Products Grade

- A: 4+ points
- B: 3 points
- C: 2 points
- D: 1 point
- F: 0 points

Emerging Issues Bonus Points

4+ points adds one point to the Overall Grade

BREAKDOWN OF TOTAL NUMBER OF POLICIES OVER THE YEARS

BREAKDOWN OF OVERALL TOBACCO CONTROL GRADE

3% A grade for Overall Tobacco Control
17 cities/counties

15% D grade for Overall Tobacco Control
80 cities/counties

8% B grade for Overall Tobacco Control
40 cities/counties

57% F grade for Overall Tobacco Control
307 cities/counties

17% C grade for Overall Tobacco Control
93 cities/counties

N/A 2 cities/counties

As is evidenced by the 17 cities and counties that have overall A grades, strong tobacco control policies can work in any community. So how can your community improve its health and raise its grade? Below is a worksheet that can be used to determine what types of policies could improve the health of your city or county and help raise its grade. Just fill in the points for the policies your community already has in the right-hand column, and see how many more points you will need to increase your grade. These policies will improve the health of your communities and ensure that tobacco is kept out of the hands of children.

Smokefree Outdoor Air

	1 Point	2 Points	3 Points	4 Points	Total Points
Dining		Allows designated smoking areas or includes exceptions		100% smokefree	
Entryways		Less than 15 feet of all entryways or within an unspecified distance	Within 15-19 feet of all entryways	20 or more feet from all entryways	
Public Events		Some types of public events but not all	Allows designated smoking areas	100% smokefree	
Recreation Areas		Some parks, beaches and trails	Allows designated smoking areas	100% smokefree	
Service Areas		Some types of service areas but not all		All service areas	
Sidewalks	Some or all sidewalks or other pedestrian walkways				
Worksites	Some or all outdoor worksites				
TOTAL:					

18+ points = **A** 13-17 points = **B** 8-12 points = **C** 3-7 points = **D** 0-2 points = **F**

Smokefree Housing

	1 Point	2 Points	3 Points	4 Points	Total Points
Nonsmoking Units in Apartments	Prohibits smoking in 75% or more of new apartment units	75% of new and existing apartment units		100% of units for both new and existing apartments	
Nonsmoking Units in Condominiums	Prohibits smoking in 75% or more of new condos units	75% of new and existing condos units		100% of units for both new and existing condos	
Nonsmoking Common Areas		Indoor common areas		Indoor and outdoor common areas	
Prohibits smoking within 75% of units under control of Housing Authority	Prohibits smoking within 75% of units for multi-unit housing complexes under control of Housing Authority				
TOTAL:					

If jurisdiction has Housing Authority:

11+ Points – **A** 2-4 Points – **D**
 8-10 Points – **B** 0-1 Points – **F**
 5-7 Points – **C**

If jurisdiction does not have Housing Authority:

10+ Points – **A** 1-3 Points – **D**
 7-9 Points – **B** 0 Points – **F**
 4-6 Points – **C**

REDUCING SALES OF TOBACCO PRODUCTS:

Policy Provisions:

- (1) Require tobacco retailers to pay an annual fee that sufficiently covers administration and enforcement efforts, including compliance checks;
- (2) Requirement that all retailers obtain a license to sell tobacco and renew it annually;
- (3) Provision that any violation of a local, state or federal tobacco law is considered a violation of the license; and
- (4) Financial deterrent through fines and penalties for violations that includes suspension and revocation of the license.

	1 Point	2 Points	3 Points	4 Points	Total Points
Tobacco Retailer Licensing	A sufficient annual fee and 0 of the other 3 provisions outlined above or licensing ordinance with insufficient annual fee and any of the other 3 provisions outlined above	A sufficient annual fee and 1 of the other 3 provisions outlined above	A sufficient annual fee and 2 of the other 3 provisions outlined above	100% smokefree	
TOTAL:					

4+ points = **A** 3 points = **B** 2 points = **C** 1 points = **D** 0 points = **F**

EMERGING ISSUES BONUS POINTS:

	Bonus Point	Total Points
Secondhand Smoke (Bonus Point)	There is a strong definition of smoke, smoking or tobacco product that would include electronic cigarettes or other new and emerging tobacco products in a jurisdiction's secondhand smoke laws.	
Tobacco Retailer License (Bonus Point)	There is a strong definition of smoke, smoking or tobacco product that would include electronic cigarettes or other new and emerging tobacco products in a jurisdiction's tobacco retailer licensing ordinance.	
Tobacco Retailer Location Restrictions (Bonus Point)	Restricts businesses that sell tobacco from being located within certain distance of schools and/or parks. Or the policy prohibits a tobacco retailer from being located within a certain distance of other retailers to avoid high concentration in certain areas. Or there is a limit to the number of tobacco retailer licenses that can be issued.	
Sampling of Tobacco Products (Bonus Point)	Prohibit sampling or nominal cost distribution of all or some tobacco products or in all locations.	
Sales in Pharmacies (Bonus Point)	Prohibit sales all or some pharmacies	
Flavored Tobacco Products (Bonus Point)	The sale of flavored tobacco products, including cigars, little cigars, pipe tobacco and electronic cigarettes is prohibited.	
Minimum Pack Size of Cigars (Bonus Point)	Prohibit the sale of cigars in individual or small packages, which increases the price and makes them less attractive to youth.	
TOTAL:		

4+ points = **A** 3 points = **B** 2 points = **C** 1 points = **D** 0 points = **F**

Each of the seven Emerging Issues can receive 1 bonus point. Receiving a total of 4 or more of these bonus points adds one point to the Overall Tobacco Control points.
