PUREVAX FELINE RABIES	Merial, Incorporated License No. 298	Merial, Incorporated	Cats	1 ml SC	8 weeks	Annually
-----------------------	--------------------------------------	----------------------	------	---------	---------	----------

ROUTES AND SITES OF INOCULATION IN DOGS: California specifies sites and routes indicated to be effective in efficacy trials. Administration via other sites or routes may reduce effectiveness or be unsafe. Approved canine vaccines must be administered to dogs according to the manufacturer's recommendations either intramuscularly (IM) at one site in the thigh, or subcutaneously (SC) just behind the upper shoulder. For species other than dogs, refer to the product label.
