

**LIST OF REPORTABLE CONDITIONS FOR ANIMALS AND ANIMAL PRODUCTS\***

\*Pursuant to Section 9101 of the California Food and Agricultural Code, Title 3 California Code of Regulations § 797 and Title 9 Code of Federal Regulations Section 161.4(f)

**WHO MUST REPORT:** Any licensed veterinarian, any person operating a diagnostic laboratory, or any person who has been informed, recognizes or should recognize by virtue of education, experience, or occupation, that any animal or animal product is or may be affected by, or has been exposed to, or may be transmitting or carrying any of the following conditions, must report that information.

**WHAT TO REPORT:** Immediately report any animal disease not known to exist in the United States, any event with increased mortality and/or morbidity of unknown cause or source and any toxicology condition likely to contaminate animals or animal products (meat, milk or eggs). Report any emergency condition or regulatory condition. All monitored diseases should be reported by diagnostic facilities.

**CALL IF YOU SEE:** Vesicles, Unusual or Unexplained Illness, CNS Signs, Mucosal Diseases, Hemorrhagic Septicemias, Larvae in Wounds, Uncommon Ticks, High Morbidity or Mortality

<p><b>EMERGENCY CONDITIONS</b> Report within 24 Hours of Discovery</p>	<p><b>REGULATORY CONDITIONS</b> Report within Two Days of Discovery</p>	<p><b>MONITORED CONDITIONS</b> Report Monthly (Diagnostic Facilities)</p>
<p><b>MULTIPLE SPECIES</b></p> <ul style="list-style-type: none"> <li>• Anthrax (<i>Bacillus anthracis</i>)<sup>1</sup></li> <li>• Crimean Congo Haemorrhagic Fever<sup>1</sup></li> <li>•
