

Public Health Advisory

313 N. Figueroa Street, Room 806 · Los Angeles, CA 90012 · (213) 240-8144 · media@ph.lacounty.gov

For Immediate Release:

September 16, 2014

AIR QUALITY ADVISORY:

Air quality is unhealthy for sensitive individuals in the East San Gabriel Valley

LOS ANGELES - According to the South Coast Air Quality Management District, air quality will be unhealthy for sensitive individuals in the East San Gabriel Valley tomorrow, September 17.

Los Angeles County Interim Health Officer, Jeffrey Gunzenhauser, MD, MPH, advises people living or working in the East San Gabriel Valley area with heart disease, asthma or other respiratory diseases to minimize outdoor activities. Schools with children who have sensitive conditions, including heart disease, asthma, and other chronic respiratory diseases, should not participate in outdoor physical activity and should stay indoors as much as possible.

The Department of Public Health is committed to protecting and improving the health of the nearly 10 million residents of Los Angeles County. Through a variety of programs, community partnerships and services, Public Health oversees environmental health, disease control, and community and family health. Public Health comprises nearly 4,000 employees and has an annual budget exceeding \$900 million.
